## Communists Say Big Victory Won In North China

CHUNGKING (AP)—Chinese Communists claimed a victory today over 70,000 Nationalist troops in fighting along the Peiping-Hankow railroad as the Kuomintang news agency reported intensified battling through the provinces of Shansi and Suiyuan.

The Communists also said they had recaptured the Hopeh Province rail junction of Tzhsien Oct. 25. Strained relations between Yenian and Chungking were further endangered by the Communist claims.

Under the veteran Gen. Ho Lung, the Communists are tightening a ring of steel around Kwei-sui, Suiyuan capital, while other Red columns move from the west, preparatory to assaulting the important city of Paotow, also on the Peiping-Suiyuan railroad.

Large Communist reinforcements are pouring into the province, the Nationalist dispatches said.

The Communists said their "victory" over the government forces along the Peiping-Hankow railroad was scored against troops belonging to the 8th, 13th and 40th Armies.

## LATEST

### Crerar Honored

TORONTO (CP)—Business life in Toronto came to a virtual standstill this afternoon in general observance of a city-proclaimed "Warriors' Day" half-holiday in tribute to Gen. H. D. G. Crerar, former commander of the 1st Canadian Army, now on a three-day visit here.

### No Agreement Yet

WASHINGTON (AP)—Secretary of State Byrnes said this afternoon there is no prospect of immediate agreement between the British and U.S. officials discussing financial aid to Britain.

He told a news conference he had sat in during a 2½-hour discussion today. The results of the talks were encouraging and he had not considered the possibility of failure.

### U.S. Recalls Marines

WASHINGTON (AP)—Secretary of State Byrnes reported today the U.S. is planning to withdraw its marines from China.

Marines now are occupying various strategic towns between Communist forces and Central Government armies.

Byrnes said the marines went to northern China to help Generalissimo Chiang Kai-shek take the Japanese surrender and disarm Japanese forces, numbering about 1,500,000 to 2,000,000.

### Keep Food Ministry

LONDON (CP)—The Ministry of Food, established at the outbreak of the war to obtain and arrange equitable distribution of foodstuffs, will become a permanent department of the government, Sir Ben Smith told the House of Commons today.

Sir Ben is the present minister.

### Need \$2,000,000 to Pass New Loan Objective In Victoria

Just over \$2,000,000 remains to be subscribed in the last three days of the 9th Victory Loan campaign if Victoria is to pass the new \$11,760,000 objective set at the beginning of the week when the city went over the top.

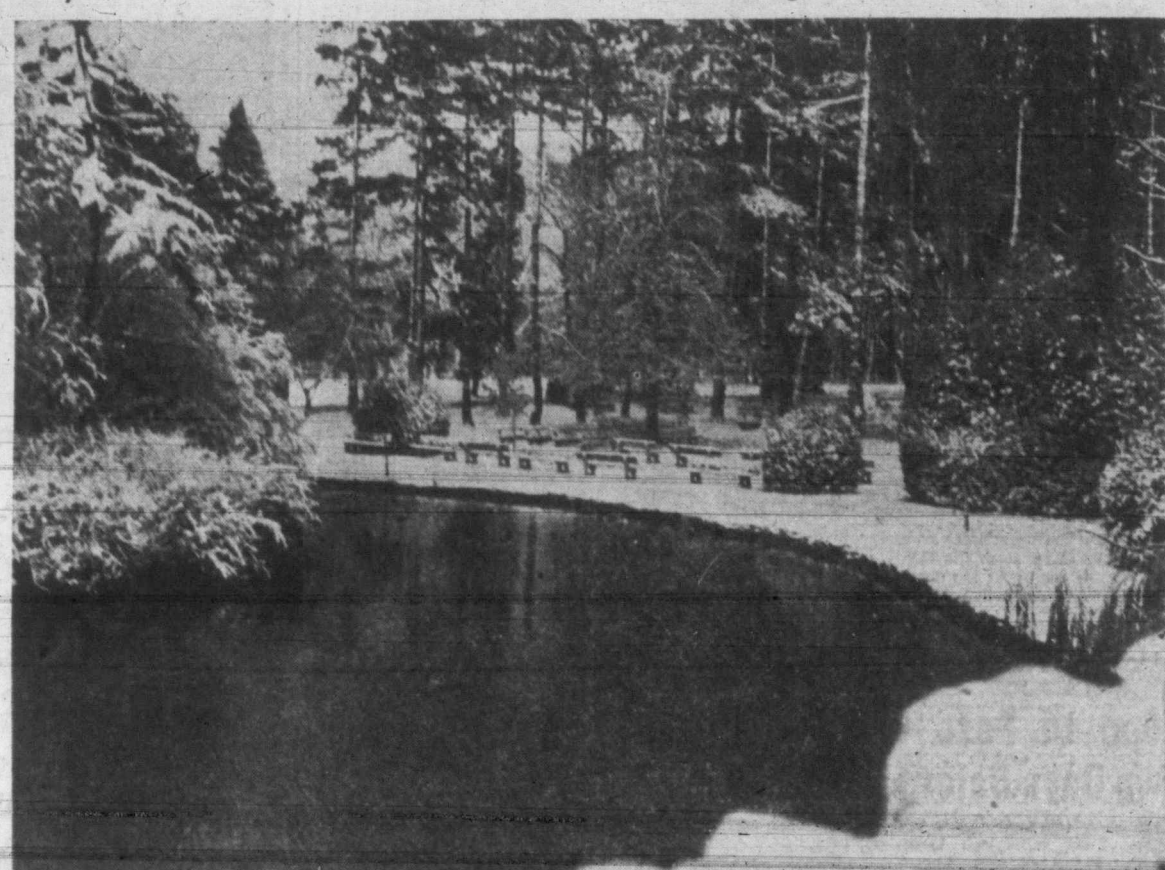

Loan officials express confidence that the canvassers to sell "tribute bonds" for the men returning from active service will more than make the grade.

Albert-West Coast continues to hold its lead with 139.2 per cent of quota subscribed, and Ladysmith follows close behind with 139.2 per cent. Nanaimo promises to go over the top within the day, having 88.6 per cent of quota now in.

Army units on southern Vancouver Island continue to forge ahead, having 317 per cent of quota now subscribed, with 100 per cent participation from personnel. Daily sales amount to \$14,950.

Gordon Head repatriation depot continues to lead with 852 per cent of quota subscribed, followed by the Signal Hill units of the R.C.O.C. and R.C.E.M.E. with 785 per cent.

## Early Snowfall Clothes Beacon Hill Park in Glistening Mantle of White

Victorians awakened this morning to express surprise at the first snowfall of the season. The above picture was taken near the bandstand at Goodacre Lake, Beacon Hill Park, and was typical of the white blanketed city early today. The snowfall is general throughout the province. Last winter the first snowfall in Victoria occurred Christmas Day.

## War Brides Seek Explanation Of Frost and Snow In Victoria

To the joy of the youngsters, Victoria outskirted took on a Christmas-like appearance this morning with the first fall of snow of the season, but to those who stoke the fires the whiteness of the country was not a welcome sight.

The weatherman at Gonzales Observatory reported 1.6 inches of snow, or .16 inch of water was the extent of the fall. It started around 4 this morning and continued in flurries until after daybreak.

Melting of the snow did not appear likely with a chilly north-northeast wind blowing, although the forecast for today was for an increase in temperature with moderate winds and fair this evening. The temperature was down to 29 at 8 this morning but was expected to lift to at least 36 degrees later.

The weatherman refused to "go out on a snow-covered limb" for tomorrow's possibilities and all he would say was: "It probably will be cloudy in the morning."

The early fall of snow was a bit of a blow to some recently returned servicemen who had been "bragging" to war brides about the "city of sunshine and flowers," to which they were bringing them.

One, whose wife from the bitter cold east had heard of little else but Victoria's fine weather, made his worst blunder when on arising he looked out of the window in a daze and remarked that there had been a heavy frost during the night. He expected

it would take weeks to live down the mistake.

VANCOUVER (CP)—A snowfall, heavier than usual for so early in November, blanketed the southwestern corner of British Columbia today.

Seattle reported a light snowfall in parts of the city.

A steady snow was falling at Vancouver, where the snow remained on the ground everywhere but on busy downtown streets. The Dominion Meteorological Bureau reported one inch of snow fell in Vancouver overnight up to 9 a.m. The forecast was snow showers this afternoon and tomorrow.

At Trail in the southeastern corner of the province a light snow was falling this morning. Freezing temperatures set in overnight after a two-inch fall of snow up to last night in the Kootenay area.

Nelson reported a light snow was falling this morning after a fairly heavy overnight frost. Snowfall ranging from three to four inches covered the Nelson district.

## 5 Canadians Killed On Mercy Flight

OTTAWA (CP)—The five-man crew of an R.C.A.F. Flying Fortress carrying penicillin to Poland was killed when the plane crashed Tuesday near Meunster, Germany.

Air Force Headquarters announced today. News of the crash was released Tuesday in London, but names of the crew were withheld until next-of-kin had been informed.

The dead: Flt. Lt. N. C. Roche, of Dorval, Que.; Sqdn. Ldr. A. E. Webster, D.F.C., of Ottawa; Flt. Lt. D. F. Caldwell of Ottawa; Flt. Lt. E. P. Harling of Ottawa; and Sgt. E. E. Phillips of Montreal.

The plane, which left the Rockcliffe Airport here last week, struck trees on a hilltop 1,000 feet high while flying through low clouds near Meunster.

Mrs. E. Thomson of 1246 Balmoral Road, is a sister of Flt. Lt. D. F. Caldwell. He was born at Mountain View, southern Alberta, 32 years ago, and was married, his wife being at present in New Brunswick. He joined the R.C.A.F. in 1941.

## Belgians Debate Throne

BRUSSELS (AP)—The Belgian Senate decided today to reopen debate Saturday on a proposal to allow King Leopold to return from exile to his throne.

The Catholic Party made the proposal.

## Russia Wouldn't Share Atom Bomb If She Had It, Says Churchill

LONDON (AP)—Winston Churchill expressed the conviction today that Soviet Russia would not share the atomic bomb secret if she alone held it, and urged Prime Minister Attlee in his forthcoming Washington talks to bring no "pressure" on the United States to divulge the bomb's production details.

"I am sure," Mr. Churchill said, "that were the circumstances reversed and we or the Americans asked for similar access to Russian arsenals, it would not be granted."

The former Prime Minister mentioned assistance furnished the Russians during the war, including radar "and other matters," and said he was "not conscious of any considerable reciprocity."

## NO ANTI-RUSSIANISM

But he declared in almost the same breath: "Any idea of Britain deliberately pursuing an anti-Russian policy or taking part in making a combination to the detriment of Russia is thoroughly opposed to British thought and conscience."

"Nothing but a long period of marked injuries and antagonisms could develop any such matter again in this land."

Opening the House of Commons' first full-dress debate on foreign policy since Britain's Labor government assumed power, Mr. Churchill, as leader of the Conservative opposition, praised Premier Stalin as a "great man," and said the Russian leader "is still strongly held

## British Plane Exceeds 600 m.p.h.

HERNE BAY, Eng. (CP)—Test Pilot Eric Greenwood raced a jet-powered Gloster Meteor over an official 1.86-mile course four times today at an average speed of 606 miles an hour to establish an unofficial world air speed record.

His best time—612 miles an hour—did not equal the 613 miles an hour mark set by Group Capt. H. J. Wilson of the R.A.F. a few minutes earlier. However, Capt. Wilson's average for four runs was only 602 miles an hour and officials said the average speed and not the speed on any one run would stand as the record.

Greenwood built up momentum in a 60-mile flight from inland before roaring down the official course, which was marked by ground lights and barrage balloons moored at 250 feet altitude. High speed cameras and radar devices timed his flight.

Officials said that if weather does not permit further tests within a week, today's mark for the combat-tested Meteor would be submitted for confirmation.

The Meteor, which was first used by the R.A.F. against robot bombs Aug. 4, 1944, received its first test today from Wilson.

## Australian Charged

BRISBANE (Reuter)—Francis Forde, deputy Australian Prime Minister and Minister of War, said here today that Maj. Charles Cousens, former Sydney radio announcer, had been arrested and would be returned to Australia to face court-martial.

Both the Australian and U.S. military authorities had investigated charges that Cousens broadcast over the Japanese radio while a prisoner of war, he added.

## MUST GUARD ATOM

Saying that Britain should help the United States guard the atom bomb "as a sacred trust for the maintenance of peace," Mr. Churchill nevertheless declared at one point that Britain "should make atomic bombs ourselves and have them here, even if manufactured elsewhere, in suitable safe storage, with the least possible delay."

He asserted the future of the atomic bomb should be decided by Parliament and responsible government and "not by scientists, however eminent or ardent they may be."

## Logging Operator Killed

B.C. Police headquarters here reported today the death of Alfred Deveney, 57, owner and operator of Deveney logging camp, Simoom Sound, north end of Vancouver Island.

Police said he was killed in an accident Nov. 5. An inquest will be held this evening.

# Auto Barricade Removed Today From Ford Plant

## 74 Jews, 1 Arab Die In Tripolitania As Ghetto Attacked

CAIRO (AP)—The British Ministry of Information announced today that 74 Jews and one Arab had been killed in anti-Jewish outbreaks in Tripolitania.

Troops and police in Tripoli, metropolitan centre of the Italian colony in North Africa, were ordered to "shoot all looters and fire if necessary to disperse groups of more than five persons."

(An exchange telegraph dispatch to London from Cairo said the British forces had imposed a curfew throughout Tripolitania following the outbreak of violence, rioting and arson by Arabs against the Jews. Jewish quarters at Souk el Juma and Tadjura were reported looted and burned. Two Italians were among those wounded, the agency said. Disturbances were reported at Cusabat and Zloten in eastern Tripolitania.)

With support of the Arab League, Libyans are seeking independence from Italy. The colony is made up of Tripolitania, the western section, and Cirenica, the eastern.

In addition to those killed, 83 Jews, 36 Arabs and two Italians were taken to hospitals.

British Plane Exceeds 600 m.p.h.

HERNE BAY, Eng. (CP)—Test Pilot Eric Greenwood raced a jet-powered Gloster Meteor over an official 1.86-mile course four times today at an average speed of 606 miles an hour to establish an unofficial world air speed record.

His best time—612 miles an hour—did not equal the 613 miles an hour mark set by Group Capt. H. J. Wilson of the R.A.F. a few minutes earlier. However, Capt. Wilson's average for four runs was only 602 miles an hour and officials said the average speed and not the speed on any one run would stand as the record.

Greenwood built up momentum in a 60-mile flight from inland before roaring down the official course, which was marked by ground lights and barrage balloons moored at 250 feet altitude. High speed cameras and radar devices timed his flight.

Officials said that if weather does not permit further tests within a week, today's mark for the combat-tested Meteor would be submitted for confirmation.

The Meteor, which was first used by the R.A.F. against robot bombs Aug. 4, 1944, received its first test today from Wilson.

Ald. Williams characterized the

WINDSOR, Ont. (CP)—The 1,500-car barricade before the strikebound Ford Motor Company of Canada plant here had practically vanished by 2 this afternoon, only 100 or so cars remaining along the side of Sandwich Street east and up Drouillard Road.

The barricade was arranged Monday by striking members of the United Automobile Workers (C.I.O.) to meet a possible attempt by outside police to attempt to force an entry into the Ford plant through picket lines and its removal was ordered by Union officials this morning following a meeting Tuesday night.

City police were at the scene and were directing a wrecker in moving unclaimed vehicles to the side of the street out of the way of traffic which was moving without interruption after being blocked for two days. City bus service along Sandwich Street was resumed later this afternoon.

Decision of union officials to remove the barricade lent new support to a feeling there are definite prospects of an early settlement of the Ford strike which began seven weeks ago today and related strikes in 27 other automotive plants.

Announcement of the plan to end the barricade was made in a formal statement by Harry Rowe, union publicity director, shortly before Labor Minister Mitchell and Attorney-General Blackwell of Ontario began a conference with Ford Company officials.

The conference opened in the downtown hotel offices of the company shortly after 10 a.m. Mr. Mitchell, Mr. Blackwell and J. S. McCullough, chief conciliation officer of the Dominion department of labor, met with three Ford officials—Treasurer D. B. Greig, Secretary G. G. Kew and Personnel Manager W. H. Clark.

Wallace R. Campbell, Ford president, who has been ill for several weeks, did not participate.

The conference lasted three

hours and at its conclusion Mr. Mitchell described the conversations as "very successful" but refused to elaborate. He said the meeting would be resumed at 4 p.m., which indicated a possible postponement of plans to have a joint company-union meeting this afternoon.

Mr. Mitchell said Tuesday night he hoped to be able to bring company and union officials together late today in an effort to settle the Ford strike which involves 10,000 workers in a dispute over a new collective bargaining agreement. The sympathy strikes involve 8,000 union workers in 27 other plants which employ 12,000 workers.

Ontario Provincial and Royal Canadian Mounted Police reserves, sent here to help security guards enter the plant to prevent possible damage from neglect, remained in their downtown barracks today.

Conferences between Mr. Mitchell, Mr. Blackwell and union officials Tuesday were held behind closed doors, but it was learned that Mr. Blackwell on several occasions expressed strong objection to the union's picketing policy, and particularly to the barricade. The Windsor City Council had warned the strikers Monday night that force might be used to remove the barricade.

## Municipalities to Protest Rate Increase On Airways

Steps will be taken at Thursday's meeting of the four municipalities of Greater Victoria to have a protest filed with the Board of Transport Commissioners from the whole area against the order requiring Trans-Canada Airways to raise its passenger rate between Vancouver and Victoria to the tariff level of Canadian Pacific Airways, Ald. Ed. Williams, acting mayor, said today.

"I will bring the matter to the attention of the representatives of the four municipalities," he said, "and press for an immediate protest to be sent to Ottawa on the matter. I think a protest from the whole area should bear considerable weight and we should add our voice to the protest already filed by R. W. Mayhew on behalf of the area."

Ald. Williams characterized the move as "just another slap in the face for Victoria."

"It is unfortunate to say the least," he commented, "that this should come just as we are trying to get Victoria on the air map of Canada. It seems that everything Victoria tries to do to advance the community is balked."

FROM \$5 TO \$5.30

Compliance with the transport board's order will raise the T.C.A. rate for a one-way flight between the two cities from \$3.00 to \$5.30, and for a return flight from \$5.50 to \$10.

Protests against the order were filed by Reconstruction Minister C. D. Howe of behalf of Trans-Canada Airways and by R. W. Mayhew, on behalf of the constituency.

In his protest, Mr. Mayhew pointed out that the C.P.A. rate had been established when the service flew directly to Victoria, but that the landing field now was at Patricia Bay, 18 miles from the city.

He also contended that Victoria was entitled to a terminal air rate, the same as it has for the railways. It should cost no more for a transcontinental passenger to fly to Victoria than to Vancouver, and local service fare should also be on this terminal basis.

It is expected, Ottawa reports say, that the appeal against the fare-raising order will be held without delay.

The Chamber of Commerce will hold a board of directors meeting on the matter shortly, Maj. Cuthbert Holmes, president, said, and it is expected a committee will be appointed to look into the matter.

George I. Warren, secretary of the Chamber of Commerce, who is now in eastern Canada, filed a telegram of protest when the news was first made public.

CAR BARRICADE—Glimpse of one corner of the auto barrier, estimated at its peak to have included 1,500 machines, which was ranged by strikers before the gates of the Ford plant in Windsor. Today the barricade was being removed.

## Protest News Blackout

NEW YORK (AP)—A protest against British abandonment of press conferences which provided information on military activities in the Netherlands East Indies was forwarded today to Admiral Lord Louis Mountbatten by Kent Cooper, executive director of the Associated Press.

## The INTERNATIONAL SCENE

By DEWITT MACKENZIE  
Associated Press Foreign Affairs  
Analyst

There is much encouragement  
for peace and international co-op-  
eration in Foreign Commissar  
Molotov's speech marking the

28th anniversary of the Russian  
revolution.

The foreign commissar offered criticism of some Allied policies in firm, though moderate language, but the average person probably will find the highlight of his speech in his call for international collaboration. One likes to look on this as the keynote of his address, especially in view of the sharp differences which have arisen among the Big Three in recent weeks.

"Only by the joint efforts of the three powers (Russia, Britain and the U.S.) who carried the burden of the war, can we secure the victories of the democratic countries over Fascism," he said. "Only such collaboration can promote success in the work of the new international organization for lasting peace."

"Then Mr. Molotov offers this pledge:

"The Soviet Union has been, and will continue to be, a reliable bulwark in the defence of peace and the security of the peoples, and is ready to prove this, not in words, but in deeds."

The atomic bomb is a bone of considerable contention, and Moscow is insisting on knowing all the facts.

Undoubtedly it presents a problem which will have to be ironed out in the interest of international relations. President Truman, Prime Minister King and Prime Minister Attlee are to discuss atomic energy at their forthcoming meeting in Washington. Presumably they will consider international policy with respect to the bomb, and after they have agreed there will be a conference with other countries.

Actually the broad principles of the atomic bomb are known by Russia and other countries. The only secrets are in connection with materials and techniques used in the manufacture. Mr. Molotov is the first high Soviet official to suggest that Britain, the United States and Canada share their practical knowledge of atomic energy as a means of warfare.

Now, finish your job with a Tribute Bond—your tribute to the boys who finished their job.

### WHEN STRENGTH WANES

After you reach 60—  
Try this Restorative Food

To maintain strength and vitality in one's later years, Ovaltine can help in two important ways:

(1) Ovaltine supplies concentrated, easily-digested nourishment needed to repair muscle, nerve and body cell wastage.

(2) Ovaltine provides essential food elements, including Vitamins A, B<sub>1</sub>, and D, and the minerals Calcium, Phosphorus and Iron. These vital elements are often deficient in limited diets of elderly people.

Taken warm at bedtime, Ovaltine invites refreshing sleep without drugs, helps the body to relax naturally. Try Ovaltine tonight. Buy Ovaltine at your drug or food store today.

**OVALTINE**  
THE PROTECTING FOOD-DRINK

## Brig. Rockingham To Supervise B.C.E.R. Employment

Brig. John M. Rockingham, D.S.O. and Bar, outstanding soldier in World War II, has been appointed supervisor of employment and rehabilitation with the B.C. Electric Railway Co., it was announced today by W. C. Mainwaring, vice-president.

Brig. Rockingham is returning after six years' absence in active service. He first joined the company in 1935, and until the time of going active was with the line department.

Brig. Rockingham's promotion in civilian life follows a successful career which saw him rise from a lieutenant in the 1st Battalion, Canadian Scottish, to the post of brigade commander scheduled for the Pacific War, with Maj.-Gen. Bert Hoffmeister, who was to have commanded all Canadian Infantry forces.

After leaving here with the Canadian Scottish, Brig. Rockingham was transferred to the Royal Hamilton Light Infantry as second in command in August, 1942. Less than a year later he took command of that unit. This command he held until proceeding to the staff college at Camberley in April, 1944.

On completion of his staff course he was returned to the R.H.L.I., who by this time were in Normandy, but had not taken part in any active battle campaign.

### COMMANDED HIGHLAND BRIGADE

He resumed the R.H.L.I. command in August, 1944, and within a few months was promoted to command the 9th Canadian Infantry Brigade, known as the "Highland Brigade." With this command he took part in the march on Berlin, leading his men through France, Belgium, Holland and Germany.

On June 13 this year he was returned to Canada for leave, slated to command the 2nd Canadian Infantry Regiment of the C.A.P.F. He was engaged in the organization of this unit with other staff officers when V-J day arrived.

He returned to Victoria three weeks ago to resume residence on Foul Bay Road with his wife and two children.

"We feel that Brig. Rockingham's experience, gained during his splendid military career, will add much to our policy of giving every consideration to returned men," said Mr. Mainwaring in commenting on the appointment. "Proper consideration for servicemen is an important phase of our personnel work, and we feel Brig. Rockingham is aptly suited for this post."

## O'Dwyer Elected Mayor of New York

NEW YORK (AP)—Democrat William O'Dwyer swamped two major opponents and won election as mayor of New York City. His vote far exceeded the aggregate of his opposition.

In the second municipal scrap that captured more than local attention in Tuesday's first post-war United States voting, Mayor Edward J. Jeffries was elected for a fourth term in Detroit's non-partisan mayoralty race against Richard T. Frankenstein, C.I.O. union leader.

Irish-born O'Dwyer won the \$25,000 a year job in the face of cries that Tammany Hall supported him; that thugs and gangsters were behind his candidacy. He will take office Jan. 1—the first Democrat to be elected mayor here in 12 years.

Democrats elected these mayors elsewhere: David L. Lawrence, national committee man for Pennsylvania, in Pittsburgh; incumbent, Thomas A. Burke at Cleveland, and representative James M. Curley for a fourth term, not consecutive, at Boston.

Republicans won the mayoralties of Syracuse and Buffalo with Frank J. Costello and Bernard J. Dowd, respectively, but Democrats showed considerable strength in other New York upstate cities.

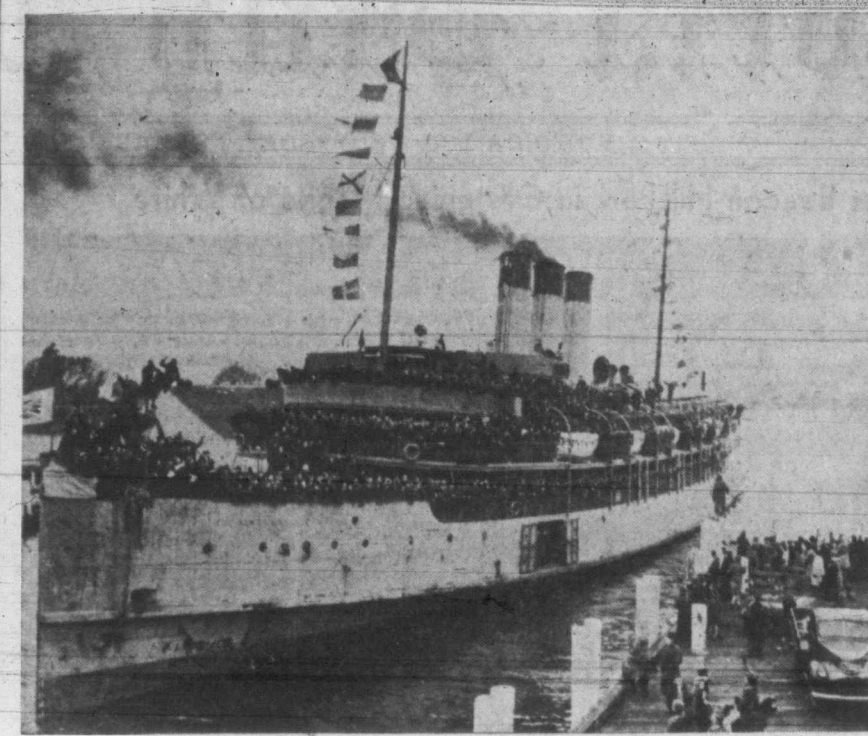

### HELD BY REPUBLICANS

In the only congressional contest of the day—the 4th New Jersey—Republicans retained control of the seat vacated by Representative D. Lane Powers. Frank A. Mathews Jr., organization G.O.P. candidate, ran ahead in a three-man race.

In the only contest for state governor, Lieut.-Governor William M. Tucker was elected governor of Virginia by better than two to one over two opponents.

Commenting on former Brig.-Gen. O'Dwyer's victory over Alberta-born Judge Jonas J. Goldstein, Republican-Liberal-Fusion, and Newbold Morris, "No Deal" candidate supported by retiring Mayor La Guardia, chairman Robert E. Hannegan of the Democratic National Committee, said: "The landslide for Gen. O'Dwyer... has a direct and important bearing on both the 1946 and 1948 election prospects."

## British Repats Say Farewell to Victoria

Over 800 British repatriates from Jap prisoner of war camps line the decks of Ss. Princess Victoria as she pulls away from the C.P.R. docks here for Vancouver, the first stage of the long journey home for the men. At the dockside, their quickly-made but firm Victoria friends wave goodbye to the men who found and will keep a warm corner of their hearts. The Victoria left at 9:30 Tuesday morning, and Ss. Princess Joan left two hours later with a second group of over 400. There are now approximately 200 British repatriates left at Gordon Head who will be moved as soon as possible. The groups leaving Tuesday will be rushed to New York for embarkation on the Queen Mary, sailing from there Nov. 12.

## Hope to Pass 9th Loan Quota Two Days Before End of Campaign

OTTAWA (CP)—Canada's 9th Victory Loan tabulators today recorded \$1,289,646,250 in cumulative sales—well within striking distance of its huge \$1,500,000,000 objective—and unless there is a drastic falling off in the rising tide of subscriptions the objective may be passed two days before the end of the three-week campaign.

Total at the same point in the 8th Loan was \$974,276,400. Actual sales Tuesday amounted to \$90,350,250 compared with \$13,120,350 on the corresponding day of the last loan, but that was the slim V-E Day canvass.

Tuesday's individual sales reached \$39,060,200 against \$9,357,500 on V-E Day. Sales to individuals for the 14 days are \$695,167,600 compared with \$485,408,200 on the same day of the last loan.

Among substantial purchases reported Tuesday was the Western Savings and Loan Association, Winnipeg, \$1,000,000. Employees of the Canadian National Railways and Trans-Canada Airlines, the largest employee group in Canada, have broken all their records in Victory Loan purchases. Up to Monday night, they had purchased \$15,137,500 of the 9th Loan bonds.

British Columbia-Yukon Investments Tuesday were \$4,336,750 to boost public and armed forces total to \$78,358,000, or 111 per cent of the original quota.

B.C.-Yukon armed forces reported: Navy 344 per cent, army

332 per cent and air force 227 per cent.

University of British Columbia students are setting a campus record for applications in the 9th Loan. The collegians have subscribed \$61,000, a large share of it in gratuities from returned servicemen.

Alberta now is at 84.1 per cent of its overall objective of \$31,000,000. Six new units, including Medicine Hat, went over the top, and the worst day for weather became the best day for sales in the entire campaign, total sales of \$5,846,500 bringing the 14-day total to \$43,440,550—an increase of \$8,000,000 over the same period of the last loan.

Largest individual purchase of the day was in the special names division—\$2,000,000 by the Alberta Workmen's Compensation Board. In general canvass, new applications accounted for sales of \$2,566,600, bringing the total in this section to \$39,800,200, an increase of nearly \$4,000,000 over last loan's similar period.

Calgary has now reached 89 per cent of quota, with Edmonton 83, Lethbridge 120, Red Deer 104, Medicine Hat 103, Wetaskiwin 57 and Drumheller 55 per cent.

### ONTARIO FIGURES

Subscribers numbered 58,522 in Ontario Tuesday bought bonds amounting to \$47,143,050, bringing the cumulative total for the province to \$556,666,000. Reports indicated that while

### ANNOUNCEMENTS

A Women's Rally will be held in the Salvation Army Citadel, 715 Johnson Street, on Wednesday, Nov. 7, at 8 o'clock. Brigadier Annie Fairhurst, Territorial Home League secretary for the Army, and Mrs. Lt.-Col. A. Keith of Vancouver will conduct the rally. Brigadier Fairhurst has been a missionary officer and has a wide experience.

The loves of Robert Burns in picture, song and story presented by the Women of Victoria Burns Club, Chamber of Commerce, Tuesday, Nov. 13, 8 p.m.

The Zetland Tearooms (upstairs at 647 Fort St., next door to Terry's), have the distinction not merely of being the oldest of their kind in Victoria but also of having been under the continuous management since 1913 of Mrs. Sandy. That it was possible to do this through bad times and good is testimony in itself to the excellence of the management and of the service provided. Mrs. Sandy has now decided to retire and in taking leave of her many friends wishes to thank them one and all for their loyal support. Mr. and Mrs. Andrew V. Andersen, the new proprietors, are determined that the attraction of these rooms shall be maintained not only in the comfort and welcome of their setting and equipment, but also in the excellence of the service.

Victoria Symphony membership \$3.50, \$5, \$10, good for three concerts. Box office now open at Fletcher's, E 6642. First concert Nov. 19.

## Commons Authorizes Increase In T.C.A. Capital to \$25,000,000

OTTAWA (CP)—International air agreements and plans for expansion of Canada's international and domestic air services formed the basis of discussions in the Commons Tuesday, with much of the debate centring on the question of private and public operation of air lines.

Reconstruction Minister Howe obtained general support for the principle of a resolution in which he asked approval of three of the international aviation agreements signed at Chicago last December. He ran into some opposition, however, on his bill authorizing the expansion of Trans-Canada Airlines in both the international and domestic fields.

The opposition came from the Progressive Conservative Party members who do not support the government's plans to divorce air services from surface transporta-

tion companies such as the Canadian Pacific Railway Company. However, the T.C.A. bill was given third and final reading after prolonged clause-by-clause study at the night sitting.

## NO. GENERAL REEDOM

In opening debate on the agreements resolution, Mr. Howe said that until a method for international regulation of rates and frequencies on international air routes was accepted Canada was not prepared to concede general freedom of the air to other countries over Canadian territory.

He outlined the agreements he was asking the House to approve and explained why approval was not sought for the "Five Freedoms" international air transport agreement.

Debate on the resolution was adjourned by John Diefenbaker, P.C., Lake Centre, Sask., after he had said his party supported its principle. Stanley Knowles, C.C.F., Winnipeg North Centre, said his party also supported the resolution and commended the government for participating in the international air agreements.

Mr. Howe said Canada hoped all nations would accept the five freedoms when it had been possible to reach an agreement on rates and services and Canadian efforts in the provisional organization at Montreal would be directed to that end.

Canada had accepted the two freedoms agreement and the House was asked to ratify it. Mr. Howe said the first use of the two freedoms was when Trans-Canada Airlines some months ago began to fly over U.S. territory between Winnipeg and Toronto on occasions when the weather over Canadian territory north of the Great Lakes did not permit use of the Canadian route.

## T.C.A. PAYS COSTS

Regarding the bill to increase T.C.A.'s capital to \$25,000,000,

Rev. Dan McIvor, Lib., Fort William, said both the C.N.R. and C.P.R. had to be subsidized to enable them to operate and before the war both were barely paying expenses. This, coupled with the fact that T.C.A. had paid all expenses, constituted a good argument for the bill.

"I can't understand why anyone who wants to see this country grow would not support this bill," said Mr. McIvor.

## INVESTIGATE EXPENDITURES

Before reaching discussion of the agreements, the Commons approved a resolution setting up a 25-man committee to investigate war expenditures and the sale of surplus war assets. Finance Minister Ilsley said the government would favor the committee meeting in the open.

Veterans' Minister Mackenzie said an order-in-council had been passed assuring members of the interim armed forces of reinstatement in their civilian positions after discharge.

Mr. Mackenzie also said that study of a resolution setting up a committee to select a design for a Canadian flag had been postponed because the Progressive Conservative Party had not submitted the names of those it wished to have on the committee.

## May Reindict Ezra Pound

WASHINGTON (AP)—Attorney-General Clark announced the Justice Department will ask a District of Columbia federal grand jury to reindict poet Ezra Pound for treason.

Pound first was indicted in 1943 for allegedly broadcasting for the Axis. The reindictment is sought because of the discovery of new evidence.

(Pound is being held by U.S. army authorities in Italy.)

## Duncan Group Favors Wheat for Europe

DUNCAN — Dominion command of the Canadian Legion will be asked to sponsor a drive to send 1,000,000 bushels of wheat to Europe on a plan similar to that of the Kinsmen Milk for Britain project, following endorsement of a resolution of F. W. Hitchcock at a meeting of the Cowichan branch, Canadian Legion.

Premier John Hart will be notified that the branch supported the application of Norman Bonner, Cobble Hill, a veteran of four and one-half years of overseas service, to buy 150 acres of logged-off crown land for the purpose of opening an agricultural lime plant.

O. T. Smythe was elected president of the branch; H. Brown, first vice-president, and A. V. Bentum, second vice-president. Nine candidates for five executive vacancies will be voted on at the December meeting. Forty-nine new members and six with transfers joined the branch.

# THE WEATHER FACTOR

TO VICTORIANS IT WILL BE A SOURCE of interest to note the frequency with which weather conditions enter debates in the House of Commons on matters related to Trans-Canada Airlines. Last night Reconstruction Minister C. D. Howe said that aircraft of the Canadian company had flown over the United States territory between Winnipeg and Toronto "on occasion when the weather in Canadian territory north of the Great Lakes did not permit use of the Canadian route."

The point assumes particular significance to this city as discussions continue on the proposed extension of T.C.A. service across the Pacific. While it has been stated by mainland newspapers that Vancouver would be the coast terminal of such a route, the establishment of the transoceanic link is not in the immediate offing. Before final decisions are reached it will be necessary for the authorities to study carefully every phase of the question, and in that study Victoria's favored position should claim major attention.

To what extent existing accommodation here would meet the needs of a trans-Pacific service is doubtless known by those who are mapping extensions of the great airline which now reaches westward to this territory. The various natural advantages of the Victoria region from an aviation point of view—climate, close proximity to United States airports and, specifically, a minimum of fog—are common knowledge. There are excellent reasons to justify choice of British Columbia's capital for the transoceanic terminus.

But those inducements should be supported by an alert public and officialdom which should lose no opportunity to emphasize the advantages of Victoria for such a purpose. And while Mr. Howe speaks of the developments, including the Pacific link, taking place in "the next few years," this city can ill afford to delay in pressing its claims, both by argument and integrated community action.

The city's air future should be a matter for constant vigilance. Having gained the advantage of Vancouver-Victoria service on T.C.A., after persistent efforts, the capital now faces the possibility of increased rates which would boost fares to the level of those of the Canadian Pacific Airways, an increase which would almost double the existing T.C.A. tariff. Strong protests against implementation of the Board of Transport Commissioners' ruling to that effect have already been made by Mr. R. W. Mayhew, M.P., and Mr. Howe. They have presented sound argument and will find support among all those who wish to see air transport out of Victoria a service, not a luxury.

# PLAYING WITH DYNAMITE

NOTHING IN FOREIGN COMMISSAR Molotov's address in Moscow yesterday need cause the least alarm in any Allied capital. It was not surprising that he referred to one or two matters on which the "Big Three" do not see eye to eye. But he was emphatic in his declaration of Russia's firm intention to play her part as a "reliable bulwark in the defence of peace and the security of the peoples, and is ready to prove this, not in words but in deeds." As was to be expected, however, Mr. Molotov spoke of the atomic bomb, and voiced Moscow's official attitude toward the controversy over it when he said that "nowadays there ought to be no secrecy about this subject." Many in high places will heartily agree with him.

One of the British scientists who made a substantial contribution to the production of the atomic bomb recently pooh-poohed the idea of trying to keep the details of its manufacture a secret. What Canada, Great Britain and the United States had achieved in the realm of this frightening energy, he contended, would be matched within a very short time as the result of continuous research in other countries. He might have gone further and said that unimaginative politicians in the United States, for example, could do the cause of harmony and understanding among the "Big Three" irreparable harm by holding this "secret" over the Muscovite head like a sword of Damocles. It is to be hoped that Prime Minister King and Prime Minister Attlee will be able to persuade President Truman and his closest advisers that shutting out the Soviet Union in this matter is both foolish and dangerous.

What all the states that comprise the United Nations Organization must do without delay—at the first meeting of the General Assembly—is so arrange their national and international affairs that the prospect of any of them having to use this atomic bomb in the future will be automatically outlawed. But if any nation, enjoying temporary possession of its scientific formula, parades its knowledge as a threat to potential disturbers of the peace, especially the Soviet Union, it is simply renouncing its belief in the principles enunciated in the San Francisco Charter.

# IT WORKED IN BRITISH COLUMBIA

BRITAIN'S CONSERVATIVE PARTY conducted a "secret inquest" the other day in an effort to discover just why it was defeated so badly last July. The deliberations lasted five hours. One of the 200 unsuccessful candidates made it clear to waiting newspapermen, however, that no attempt had been made to find a scapegoat. It was evidently a serious and businesslike examination of all the facts, each speaker being limited to five minutes to unburden himself, with the result that more than 50 used up the time allocated.

The principal resolve which emerged from the gathering was a call to party members to "take their coats off" and assume a much more aggressive attitude than had marked the old order of Conservatism. Mr. Max Bemrose, who lost his seat in Derby, crystallized this idea with the reminder that "merely negative policies are no good nowadays." But the Coalition Party of British Columbia will be interested to learn that several of the defeated candidates urged that the Conservative Party should now "link up with the Liberals," for the reason that "it is futile and foolish for Conservatives and Liberals to dissipate their energies fighting each other when their policies are 'so very much the same'."

While it is stretching the analogy a good deal to compare the original contrast between Britain's Liberals and Tories as national political entities—regardless of how time and circumstance have changed old concepts—with the superficial difference between British Columbia's Liberals and Conservatives as provincial bodies, the issue decided at the general election last July 5 in Great Britain was virtually comparable to that which the electorate disposed of in this province last Oct. 25. But only so far; when Mr. Churchill announced his party's rigid allegiance to the principle of free enterprise, in opposition to the Labor Party's equally rigid advocacy of socialization, he knew full well he was handicapped by the record of the Baldwin and Chamberlain regimes—to whose negative and appeasement policies many of the Conservative candidates seeking re-election had wholeheartedly subscribed. And the fact that no Briton less than 30 years of age had cast a ballot in a general election before obviously had a striking bearing on the verdict. These newly-enfranchised millions likewise remembered Munich and put their own particular interpretation on the tragic sequel.

How long the Labor Party will hold the reins of office at Westminster will depend upon many of the imponderables of war's aftermath. It may need and welcome the advice of the opposition in numerous matters of national and international concern. But those few hard-shelled Liberals and Conservatives in British Columbia who have still not reconciled themselves to the futility of maintaining the old party feuds in the provincial realm may find some guidance in the opinion voiced at the London "secret inquest." In the meantime, moreover, Mr. Hart and Mr. Maitland should take immediate steps to formalize and make permanent the Coalition Party. The Socialists are wasting no time on "inquests." They are correcting and strengthening their organizational machinery.

# ARGENTINA AND BRAZIL

THERE IS A GREAT CONTRAST BETWEEN the revolution which has occurred in Brazil and the "revolution" which has not yet taken place in Argentina. The former succeeded without bloodshed, or even disturbances, apparently because the army officers who engineered it immediately handed the temporarily-vacated presidential office over to the Supreme Court—which promptly dismissed all the Vargas-appointed state governors from office and replaced them with temporary nominees of its own. All appointments were subject to the pending election. In other words, what really happened in Brazil was that President Vargas and his appointees were deprived of all power to interfere in the coming battle of the ballots. The chief executive had been suspected of arranging to succeed himself.

In Argentina the younger officers who revolted against Vice-President Peron responded to a general demand from the people for his removal; but instead of promptly appointing the Supreme Court as temporary trustee of power, they apparently tried to keep the reins in their own hands. A comparatively small proportion of the "proletarians," highly organized by Peron's henchmen and the police, were able to stage a "popular" demonstration modeled accurately on the 1925-1935 Hitler design. And Peron responded in the usual manner from the presidential balcony. Everything conformed to the Nazi-Fascist score for such operatic performances.

Thus in Rio de Janeiro, the Brazilian capital—for the time being, at any rate—democratic procedure is being scrupulously observed, while in Buenos Aires, Argentina's capital, Nazism is in full control. To the people of the Argentine, Peron proclaims, through those whom he controls in the government, that the elections will take place. But he is a candidate for the presidency. To the people of Brazil, Vargas can no longer proclaim his desire to retire, only his willingness to serve. He has obtained his advertised wish and is under the circumstances more likely to survive to enjoy his good fortune than Peron is likely to enjoy even the business of surviving. The latter's objective is to keep Brazil, Bolivia, Chile and Peru guessing—and then tear them apart when he thinks the United States is too busy to interfere.

When you get enthusiastic about providing a good living for employees, troubles will end. It's as simple as that.

# Walter Lippmann

PERILOUS DRIFT WITH THE PRESIDENT, the men who have the chief responsibility for our foreign relations are Mr. Byrnes, Mr. Vinson, Mr. Patterson and Mr. Forrestal. They, too, must be asking themselves what is the matter, and why the external influence of the United States is now so much less constructive and beneficial than might reasonably—after grandiose hopes—are discounted—have been expected of the strongest and richest power on earth. They must be aware of the mounting discouragement and dismay, and of the need to search out the causes of what is now, prospectively, a gigantic historic failure.

It is quite clear, so it seems to me, that our foreign relations are not under control, that decisions of the greatest moment are being made in bits and pieces without the exercise of any sufficient overall judgment and general conception by the President and his chief advisers acting in consultation.

THIS LEND-LEASE was terminated abruptly and brutally, and the immediate postwar situation was aggravated quite unnecessarily: this was done not as a considered decision by the chief cabinet officers who have to deal with other phases of our foreign relations. It is impossible to determine who is making our China policy and our Japanese policy. But the policy cannot have been reviewed by the same men who are making our eastern European policy. The contradictions are too glaring between our opposition to spheres of influence and unilateralism in Europe and our insistence upon them in the Far East. It is no less impossible to believe that the problem of the atomic bomb has been handled by men who have paused long enough to listen to scientists who understand its nature or to thoughtful laymen who are capable of appraising its political consequences.

THE FACT OF THE matter—to put it bluntly—is that the administration is not in control of its policy. It is allowing policies to be made in the departments, in the bureaus, here and there in isolated fragments, without proper recognition of the fact that our relations with Russia or Great Britain, are the net result of all the decisions which we make that affect them. It would be very convenient no doubt, if we could take each question by itself, deal with it "on its merits" or perhaps in the light of domestic politics. But it cannot be done.

We cannot shape a foreign policy as we used to frame a tariff bill—treating each item as a local issue. But that is the way the Administration is shaping its foreign policy. It is dealing separately with a whole series of questions, British finance, Bulgarian elections, Italian colonies, Jewish immigration in Palestine, the atomic bomb, the postwar Navy, the postwar Army, island bases, etc., etc. But separately these problems are quite insoluble. For they arise from a greater problem which underlies them all: whether the "Big Three" are settling this war or are in the opening phases of a race of armaments.

THE PEOPLE of this country had better realize now—before it is too late to do anything about it—how far we have drifted into accepting the supremely defeatist idea that, while paying lip service to the organization of peace, we are in fact in a race of armaments. It has, of course, been nobody's—or at least almost nobody's—deliberate intention to engage in a race of armaments. We have drifted into it by a series of isolated decisions of which no one in high place seems to have foreseen the whole consequences.

Yet there they are, unmistakable to anyone who does not let himself be confused by the complicated arguments over each one of the bits and pieces. We have drifted into a race of armaments with the Soviet Union, not only in respect to the atomic bomb, and to postwar military programs, but no less in respect to what is called power politics—that is to say, into a competition for the control of the weak but strategically important regions that lie between the Soviet Union and the United States.

HOW FAR THIS is Russia's fault, Britain's fault, or our own, no honest man can say: what matters is that the thing is happening, that we are all being sucked into a conflict, and that we are not now using a fraction of our power and influence to avert it.

Let no one deceive himself: we are drifting.

We are drifting toward a catastrophe. We owe to those who, when they have the responsibility to steer the ship, do not make for a safe harbor but drift with the wind and the tide.

# A CAN OF SAUSAGES

The place was Haugesund, Norway. Fritz Johnsen and his family were gathered in their kitchen bent expectantly over a can containing a treasure of 15 Danish sausages. Earlier that morning Fritz had been on hand when villagers gathered to receive food from former German army stores. This can of sausages was something the family had dreamed of for five meatless years. Although packed in Denmark, the label was printed in German and stated that the can should be immersed in boiling water for 15 minutes before opening. Fritz and the family just couldn't wait, however, and as a corner of the lid was pried up, expectancy reached a high pitch. There, tight under the lid, was a delicate fuse topped 3 lbs. of T.N.T. Danish saboteurs working in the packing house where these sausages were canned for the German army knew full well what would happen once this can was dropped into boiling water. Fritz knew, too. That is why he and the local police lost no time in sinking this "canned carnage" into the depths of the fjord.

# Letters to the Editor

## THANKS FOR EVERYTHING

We wish to express, through the medium of your newspaper, our sincere thanks and appreciation for all that has been done for us by the people of Victoria during our short stay here.

Everyone here has been so kind and truly anxious to help all the liberated P.O.W.'s that we are overwhelmed. No words of ours can really express our gratitude, so all we can say is, "Thanks for everything, and good luck to you all."

S. JACKSON.  
R. W. EDGE.  
Royal Artillery.

## ARENA CAR PARK

I read with interest Rev. T. H. Laundry's suggestion re a car parking space under the new arena. When I was in England I thought their car park idea a marvelous solution for crowded areas. The cars disappeared—at a certain seaside resort—below ground thus housing hundreds of vehicles and alleviating the congestion along the seaford. The entrance was spacious and gradually sloping. Above the car park were laid out gardens pleasant to the eye.

M. HUGHES

## AND DR. SEED

It was with great interest I read the article in your issue of Nov. 3 under the caption "A

## Man Sent From God

Too many ex-P.O.W.'s could testify to the magnificent work done by Dr. B. M. Wheeler, for anyone to rob him of rightful praise, but surely some mention might have been made of the other doctor at the camp, Capt. P. G. Seed, R.A.M.C.

Things were toughest at Kinkaseki, where No. 1 mining camp was situated, in the first nine months of its history and during that time Dr. Seed had to work alone, assisted by only three orderlies for a camp of over 500 men. Then in August, 1943, the worst cases were moved away from the camp and fitter men were brought in bringing the strength up to about 700. It was then that Major Wheeler and another three skilled R.A.M.C. orderlies joined Dr. Seed, and shortly after this the command of the camp was given to a less brutal Jap officer. This was certainly a gift from Providence and to those of us who had just left the camp surely to us Capt. Seed had been as God. (Sgt.) JACK S. CRESSWELL. Bournemouth, Eng.

## CALLING VICTORIA

In the past years several people have expressed the desire to keep Victoria a vacation spot and "a little bit of England." Many of the younger people consider Victoria "dead." Men

in the services have said that it is where the rest of Canada comes to retire and die.

Now, after all the years it has been established, it is about time Victoria shook the moss off its back, woke up and gave birth to new industry and employment for its present and coming generations.

Let Victoria be "alive" and forge ahead to its rightful place in this rapidly developing world. I hope this letter will start the ball rolling and get this city going places.

ARTHUR G. SAINSBURY.

# A Dream Come True

When, on November 7, 1885, the last spike was driven linking the rails of the Canadian Pacific Railway, developments only dreamed of that day were to follow.

Soon ships flying the red and white Canadian Pacific house flag were plying the Pacific... then the Atlantic. There followed a chain of hotels... resorts and lodges... coastal and inland steamships... express and telegraph services—the whole forming an all-Canadian system stretching more than half way round the world.

In 1939, this vast system was dedicated to the winning of the war. Since then the Company's rail lines alone have handled more than 128 billion ton miles of freight—and 11 billion passenger miles. All ocean steamships have been on active service—many have gone down fighting.

Now the Canadian Pacific faces the future. Plans have been completed for the construction of new, improved locomotives and coaches... sleeping cars... parlour cars... diners for the renovation of stations and hotels; and for the building of a new fleet of ocean vessels.

In a world at peace the Canadian Pacific will do its part in providing modern, efficient transportation by land and sea.

# Canadian Pacific

**Stop That Cough And Sleep Well**

A wracking cough keeps you awake at night and is a heavy strain on your vitality. Bronchial tubes are constantly irritated. Reid's Bronchitis Remedy has been developed especially to meet this condition. It is made from a soothing emulsion of Canadian balsam. Reid's Bronchitis Remedy is on sale for 35¢ and 50¢ at all Cunningham Drug Stores and other drug stores.

**Try Making Cough Syrup at Home. Quick Relief**

**Saves You Big Dollars. And It's So Easy! No Cooking.**  
No matter what you usually use for coughs due to colds, you'll be more than surprised when you make up this favorite home mixture and give it a trial. You'll wonder why you never used it before. It certainly does its work effectively.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking is needed—it's no trouble at all. Or you can use corn syrup or liquid honey, if desired. Money refunded if it doesn't please you in every way.

## Victoria Girl Edits Army Publication

Nursing Sister Gwen Hitchens-Smith, Victoria, is assistant editor of a new publication, "The Students' Standard," which is recording the activities of Canadian army personnel taking leave courses at Leavenworth, Herts., Eng.

N.S. Hitchens-Smith went overseas in 1941, served in North Africa, Belgium, Holland and Germany, and returned to England from Germany in June. She has been studying journalism at the Khaki University since September.

W. T. Sands of Halifax is managing editor of the new publication. Sub-editors include A. M. Williams, Lethbridge, Alta., sports; and D. Taton, Fernie, B.C., art. Tex Dawson, Montreal, and D. J. King, Vancouver, are the paper's cartoonists.

No matter what you usually use for coughs due to colds, you'll be more than surprised when you make up this favorite home mixture and give it a trial. You'll wonder why you never used it before. It certainly does its work effectively.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking is needed—it's no trouble at all. Or you can use corn syrup or liquid honey, if desired. Money refunded if it doesn't please you in every way.

Pinex. Pour this into a 16 oz. bottle and fill up with your syrup. This makes 16 ounces—a family supply—and gives you about four times as much for your money. Never spoils—tastes so good that children love it. And for quick action, you'll say it's splendid. It loosens the phlegm, soothes the irritated membranes, eases the soreness, makes breathing easier, and lets you sleep.

Pinex is a special compound of proven ingredients, in concentrated form, well known as a soothing agent for throat and bronchial irritations. Money refunded if it doesn't please you in every way.

## Gingham and Plaid At Junior League Hop

More than 450 gingham-clad dancers took part in the grand march at the farmerettes' box social sponsored by the Solarium Junior League in the lower ballroom at the Crystal Garden, Tuesday evening. Proceeds from the affair will be used for work among the crippled children at the Queen Alexandra Solarium.

Costumes were judged by Dr. and Mrs. Glenn Simpson and Mr. and Mrs. Walter Loney. Mrs. Judy Hibberd won the prize for most original lady, in her "Pig-tail Sue" costume made of sack, with black and white striped stockings, high boots and wide black garters. Mr. James Scaplen, in blackface with black and white suit, tailed coat and bowler hat, was awarded the prize for most original gentleman.

During the evening, Miss Wynne Shaw presented a floor show in which six scarecrows danced to the tune of "By Heck." Decorations carried out the general theme of the dance. Corn-stalks, pumpkins, bales of hay and other farm products, made a perfect setting for the checked gingham aprons and bright hair bows of the farmerettes and the plaid shirts, overalls and straw hats of their escorts. Basket lunches brought by the farmerettes were served from long tables in the ballroom.

Mrs. H. McKenzie was general convener, assisted by Mrs. Elaine Ambery, Mrs. Sheila Bassett, Miss Hazel Smith and Miss Gwen Mann.

## Red Cross Notes

**Workrooms Busy**—Thousands of Canadian Red Cross knitted comforts, originally made for the armed forces, will go to warm the people of Europe this winter. Mrs. C. F. McEachern, national chairman, reported at the meeting of the Red Cross central council, Canada has made a large gift of these comforts to the Allied countries in Europe through the Canadian United Allied Relief Fund, the balance to be held in Canada for possible calls for the use of repatriated prisoners of war. Red Cross workrooms throughout the country will be busy making civilian clothing for citizens of Great Britain, using the wools and materials now on hand, as well as making quilts, sheets and pillow cases, for which there is a never-ending call. Quilts for cribs and cots, and flannellette vests for infants are being made from old surgical dressing box linings, as the women utilize made-up stock to fill the great need for clothing and bedding in Great Britain, as well as in Europe.

## Colwood Club

Under the leadership of E. H. Emery the Colwood Community Club has concluded its first year. Plans for improvements in the district have been made, and a large membership enrolled. Pot luck suppers are held Monday evenings and moving pictures shown throughout the year. F. J. Maughan was elected president at the annual meeting and J. W. Little vice-president. Other officers are Mrs. W. Price and Mrs. B. W. Parker, directors for a two-year term; J. H. Downard, director for one year; Miss Marguerite Hinchman, secretary-treasurer. Films loaned by the War Finance Committee were shown and a repatriated prisoner of war from the Far East spoke of his experiences.

## Clubwomen

**Social and Dance**—Women of the Moose, Victoria Chapter No. 25, held a social meeting, followed by a dance, Klondike night and bingo. Mrs. Edith van Alphen presided. Grand Governor Kennedy invited the members to the 25th anniversary of Lodge No. 1390. Plans were made for a bazaar to be held on Nov. 26, when a whisky drive and turkey draw will take place. The chapter decided to buy a Victory Bond.

**Plan Christmas Tea**—Mrs. Georgia Satchwell presided at a meeting of St. Joseph's Junior Auxiliary held in the doctors' room at the hospital. Miss Patricia Walsh reported on the membership tea. Sister M. Patricia reported that \$15 had been collected from the baby stall. Plans were made for the children's tea to be held Dec. 15, at the Empress Hotel. Miss Hilda Smith was appointed to convene the affair, together with a committee composed of the Misses Joyce Munn, Esther Maxam, Alice and Rita Corcoran, Pam Alder, Ruth McTavish, Mrs. Mona Macgillivray and Mrs. Joan Kay.

## Sale of Work

Under the auspices of St. John's W.A., Colwood, the annual Christmas sale of work will be held Nov. 14, at 2.30, in Colwood Hall. There will be stalls of fancy work, aprons, home cooking and superfluities. Tea will be served. Auxiliary members will attend a meeting for stall arranging, Nov. 13.

## Noted Composer Is Victoria Visitor

Jean Coulthard Adams of Vancouver, eminent Canadian composer, is pictured in the conservatory at the Empress Hotel where the display of chrysanthemums is at its height just now. Mrs. Adams, with her husband, Lieut. Donald Adams, R.C.N.V.R., was visiting her uncle, Dr. Howard Coulthard, who makes his home at the hotel. A symphony on French-Canadian pieces by Mrs. Adams has been performed in Toronto and Montreal under the baton of Sir Ernest MacMillan and several ballads for piano, violin and other orchestral pieces have been presented in the Malcolm Bowl in Vancouver. The talented composer, who studied in New York last winter, has just completed the ballet, "The Seagull" and her songs have been sung both in the United States and eastern Canada.

## Personal Notes

Mrs. H. Newall of Kamloops arrived today to attend the marriage of Miss Helen Gilliland and W.O.I. Douglas Saunders, R.C.E. M.E., which will take place Thursday evening.

Expected to arrive Thursday from Vancouver for the Friday evening wedding of Miss Joyce Woodburn and F.H. L. Stikney Harris, R.C.A.F., are Col. and Mrs. K. A. McLennan, Sqdn. Ldr. and Mrs. Donald Brewster, Mrs. N. A. Craig and Mrs. L. Brewster. Seattle guests at the wedding will include Mrs. Mitchell Sutherland, Mrs. Frank Rees, Mrs. Ethel Rudnicki, Mrs. F. Verge, Capt. and Mrs. W. Terhune, Mr. and Mrs. Gardiner Gwynn.

QMS. Wm. Moncrieff, of the 2nd Royal Regiment, who has been a patient at the Victoria Military Hospital since repatriation from the Far East where he served with the British regiment in Shanghai and Singapore, is visiting his former schoolmates, Mr. and Mrs. T. Vickers, 925 Monterey Avenue. He will return shortly to England, where his wife and two children are residing, having left Singapore just a few days before his fall. En route, QMS. Moncrieff expects to visit his sister, Mrs. Eva Priestmann of Salmon Arm, whom he saw last when she left for Canada 20 years ago.

Honoring Miss Lillian Harper, bride-elect of this month, Mrs. J. V. Barnes and Miss Sally Harper entertained Tuesday evening at the home of Mrs. A. Edmonds, 523 Springfield Road. The guest of honor was presented with a candlewick bedspread and a corsage bouquet of pink carnations. Those present were Mesdames J. F. Harper, C. Herrington, J. Norman, B. Lundgren, C. Cooper, Doris Harper, R. Benson, E. Waldron, J. Knowles Sr., J. Clemence, E. O. Olsen, M. Locke, E. Coldwell, D. McManus, N. Pennin-groth, G. Dods, F. Avery, F. Martin, Irene Harper, M. McDuff, J. Gerrard, A. Rimmer, J. Berry, W. Bell, A. Anderson, M. McDowell, P. Berthy, E. Parkinson, A. McBeth, J. Knowles Jr., and Miss May McBeth.

A no-host hard-time party was held Halloween evening at the Seamen's Institute Hall, Superior Street, where a pleasant evening was spent dancing and playing games. A buffet supper was served from a table decorated in the Halloween motif. Contest winner for the best hard-time costume was Ted Griffin. Guests were: Mr. and Mrs. F. Marconi, Mr. and Mrs. H. English, Mr. and Mrs. G. Griffin, Mr. and Mrs. E. Winterburn, Mr. and Mrs. R. Driver, Mr. and Mrs. J. Williams, Mr. and Mrs. N. Griffin, Mr. and Mrs. C. Sims, Mr. and Mrs. L. Treloar, Mr. and Mrs. G. Eastwood, Mr. and Mrs. W. Barrett, Mr. and Mrs. C. Lenon, Mrs. A. Griffin, Mrs. E. Griffin, and Misses Doris and Bessie Griffin, Gladys Revercomb, Eva Jones, Mary McGregor, Shirley Griffin, Mae Corness and Messrs. Jack Gillies, Bill Heater, Ted Griffin, Howard Naylor, Ernie Force and Doug Boniface.

## Former Nanaimo Woman Has 81st Birthday

The 81st birthday of Mrs. Elizabeth Meakin Roesch, one of the first white children born on Vancouver Island, was celebrated in Seattle on Sunday at the home of her daughter, Mrs. Stella Carpenter, 1508 E. Prospect Street.

Mrs. Roesch was born in one of the first group of 11 log-cabins built in Nanaimo around the company's stout fort. Her father was one of a small group of skilled English coal miners who were sent to Vancouver Island in the early 1860's when the Hudson's Bay Company discovered coal. The cabins, which have long since disappeared, were constructed for the miners' families.

A group of former residents of Nanaimo gathered at Mrs. Carpenter's home, to honor Mrs. Roesch and to talk over old times. Mrs. Roesch lives in Arlington, Snohomish County, but was visiting her daughter for the week-end.

## Only 1 Cup of Meat IN THIS Delicious Chicken Puff

1 1/2 cups flour  
2 teaspoons Magic Baking Powder  
1/2 teaspoon salt  
2 eggs  
1 cup milk

1 cup chicken, cut fine  
2 teaspoons scraped onion  
1/2 cup grated raw carrot  
2 tablespoons melted butter or chicken fat  
1 1/2 cups chicken gravy

Sift together flour, baking powder and salt; add beaten egg yolks and milk. Add chicken, onion, grated carrot and melted fat and mix well. Fold in stiffly beaten egg whites. Bake in greased baking dish in hot oven at 425°F. for about 25 minutes. Serve with hot chicken gravy. 6 servings.

From the left they are: Joan Winterburn, Judy McKay, Gail Greenwell, Marcia Prentice and Tommy Foster. In observance of Canada Book Week, Mrs. McGill is giving the first showing in Victoria of two Children's Garden Library chodochrome films, in the Lake Hill Community Hall, Friday at 7.30.

## Dorothy Dix

### LOVELESS MATCHES

Dear Miss Dix: Two years ago as I was being inducted into the army I gave my girl a diamond ring. We did not get married because I was practical enough to see that we could not make a go of it financially, but there was an understanding that we would be married when the war was over and I was able to support a wife. But as time has gone by I have realized that I do not love my fiancée as much as I should love her to marry her, and that I was carried away emotionally when I became engaged to her. I have written to her and told her this and broken off the engagement, but she still insists on marrying me when I return and believes that we could be happy together, but I know better. Do you think that I am in honor bound to go through with the marriage? What does a man owe to a girl to whom he has become engaged when he feels that

he does not really love her? Would there be a chance for our marriage to work out successfully?

A SOLDIER.

### UNHAPPINESS IN STORE

Answer: I don't think there would be a chance of your marriage bringing anything but unhappiness to both of you if you went on with it after you found out that you had lost your taste for the girl. For there is nothing else in the world so dead as a dead love, and you could easier breathe life into a corpse than you could make yourself feel again as you once felt about a girl who was at one time fire and warmth to you but who now leaves you cold, her glamour gone, her attraction lost.

Many men make the mistake of thinking they are being noble in marrying a girl they have ceased to love. They think they are being kind to her, but in reality, they are doing her the greatest cruelty that could be inflicted on a woman, for no woman is so humiliated and so miserable as the one who is an unloved wife and who knows that her husband only married her from a sense of duty. For no man can keep up year after year, a pretence of the love he does not feel, and no wife is so stupid as not to know how her husband feels about her.

I earnestly advise you to get "Sentimental Tommy," Barrie's great novel, and read it if you want a picture of what happens when a man marries a girl because she loves him after he has ceased to love her.

Sooke W.I.—At the last meeting of Sooke and North Sooke Women's Institute, Mrs. F. Gray presiding, five guests were present. Three members of the "teen-age" canteen attended, and Laurie Wilson gave a report on their activities. Mrs. W. Conder was appointed institute representative at the canteen. Mrs. W. Cairns was thanked for convening the games night recently, when the sum of \$106.31 was realized. The sum of \$21 will be

### P.T.A. News

Brentwood—A children's Hall-oween party was held at the Women's Institute Hall. Prizes were given for the most original costumes. Refreshments were served following the grand march, and the evening concluded with games and contests.

Sir James Douglas—Anyone knowing the names and addresses of former pupils having served in the armed forces, is asked to phone Mrs. H. G. Woollett, G 4836.

Margaret Jenkins—Mrs. A. Unwin presided at the meeting. Mrs. D. M. Toder and Mrs. W. W. McGill spoke on pre-primary work. Next meeting will be held in the auditorium on Jan. 14. The study group will meet Nov. 15 at 2.30 at the home of the convenor, Mrs. E. A. Robertson, 1023 St. Charles Street.

Visit War Brides—Three war brides have been visited and small gifts will be made to them, it was reported at a meeting of Ganges Chapter, I.O.D.E., Mrs. V. C. Best presiding. Eighteen articles have been sent to headquarters and 13 received from members. Fifteen personal property bags, at a cost of \$4 each, will be donated to the A.T.C. in England. The sum of \$25 donated by the chapter to Esquimalt House will go towards the upkeep of two Ganges beds. The school at Clearwater, B.C., was adopted by the chapter.

## This Bran Cereal IS Delicious

...provides other food Benefits, too

BRAN to help keep you fit—wholesome wheat nourishment—a marvellous flavor unlike that of any other cereal you ever tried. You get them all in Post's Bran Flakes.

These crisp, appetizing flakes contain enough bran to help protect you against the dull, lousy feeling that comes from a sluggish system. They are a natural regulator.

Yet they also contain other parts of wheat... provide wheat nourishment not found in every bran cereal—protein and carbohydrates as well as iron and phosphorus.

Eat Post's Bran Flakes for their different, nut-like flavor. Eat them because they are so good for you. Equally delicious and effective in bran muffins. Sugarless recipe on both the Regular and Giant Economy packages.

POST'S BRAN FLAKES  
WITH OTHER PARTS OF WHEAT

A Product of General Foods

## Saanich Debates Naming Delegates On Amalgamation

Forty minutes of stormy debate ended in decision by the Saanich Council Tuesday night to appoint members to a delegation which will approach the provincial government with a view to securing establishment of a fact-finding commission on Greater Victoria amalgamation.

Councillors W. B. White and R. Noble were named Saanich delegates.

Councillor White expressed his opinion that a commission should be set up to investigate possible amalgamation of the Greater Victoria municipalities so that the people affected would have an opportunity to make and state their decisions.

"No representations have come from Saanich residents," Reeve E. C. Warren declared, "and until they do, I will not lend my support to any move for amalgamation."

The reeve suggested that if Saanich became a part of Greater Victoria, the borrowing power of the municipality would go to Victoria.

"Is that borrowing capacity of the municipality going to be used for the development of our own area or of the city centre?" he demanded.

Councillor White said that the good financial condition of Saanich had been reached at the cost of lack of sewers and lights. Reeve Warren replied that the municipality would be able to go ahead with sewer and lighting systems only because it was now in an excellent position to borrow.

### LIGHT SYSTEM APPROVED

Plans for a \$58,714 street-lighting system in Wards 2, 7 and parts of 1 and 4, were approved by the council for submission in plebiscite form to ratepayers in the area affected. If authorized by the ratepayers, the new system will be installed and the cost of installation and operation will be borne through increasing assessed values of properties in the district.

H. Blakeney, superintendent of works, told the council the proposed system of 570 street lights would cost approximately a third as much to operate as the 60 lights at present in use.

Reeve Warren suggested that to prevent damage to the system and consequent increased maintenance costs, a severe penalty should be provided in the by-law for wilfully breaking the lights.

The reeve reported to the council on the conference in Vancouver of representatives of 31 municipalities on the subject of taking over B.C.E.R. assets. He said he hoped for a clarification of the financial side of the matter at a meeting with city representatives this week.

Wiring Inspector T. M. Nixon was appointed to the municipal staff on completion of six months' probation. Hector W. Green, of the waterworks department, was placed on the superannuation list.

A plebiscite was authorized to enable ratepayers to decide whether \$1,658 received from the sale of Lake Hill School might be used to purchase four lots on the site of the new Cedar Avenue School.

Permission was granted, subject to police approval, for operation of a taxi service from the 100 block on Burnside Road West by J. Lilley and W. Lidgate.

The council received a letter from the Saanich Municipal Employees' Association accepting the salary agreement between the council and the general employees between the police commission and the police department employees.

Reeve Warren pointed out that the B.C.E.R. had paid \$14,870 in Saanich in taxes and not \$33,000 as had been stated.

The council placed on record a resolution urging Hon. George Pearson to retain his portfolio as minister of labor.

Now finish your job with a Tribute Bond—your tribute to the boys who finished their job.

Ford strike meeting, Chamber of Commerce, 8 o'clock, Thursday night.

## Back In Civvies

JIM NOCTER

After receiving his discharge from the navy with the rank of stoker petty officer, Jim Nocter joined the Hub Furniture Company. He joined the merchant navy at the outbreak of war later transferring to the Canadian navy. While with the merchant navy he was torpedoed in the North Sea and reported missing. Mr. Nocter resides at 820 Balmoral Road.

ARTHUR PARADISE

Member of the Canadian Scottish and a veteran of the fighting in France, Belgium, Holland and Germany, Arthur Paradise, only son of Mr. and Mrs. H. E. Paradise, 1051 Deal Street, received his discharge from the army last week. He joined up five years ago and was wounded in action.

DON KING

After five and a half years in the army, Don King, son of Mr. and Mrs. A. V. King, 2666 Dewdney Avenue, has rejoined his father in the shoe business. He was in action on the western front as a member of the R.C.A.

S.C. from June 12, 1944, until the end of the war finishing in Germany. Mr. King, who is a graduate of Victoria High, worked with his father for six months before joining the army. He received his discharge with the rank of lance-corporal.

REX JACKSON

Back at Lovick's News Agency as a salesman, Rex Jackson served with the air force for four years as a pilot. Shot down over Germany while serving with bomber command he spent 14 months as a prisoner north of Berlin where he was liberated by the Russians. Mr. Jackson received his discharge with the rank of flight-lieutenant. He resides at 111 Gorge Road.

## 50th Anniversary Of X-Ray Discovery

Thursday will be the 50th anniversary of the discovery of X-ray. Dr. R. Felton, city medical health officer, said today, important because its discovery marked, among other things, a sure way of detecting tuberculosis in its early stages.

Victorians will be given an opportunity to appreciate the value of this great discovery before another anniversary rolls around because the intensive campaign to have every adult citizen in the community X-rayed will be under way as soon as the new X-ray equipment arrives. It is expected within six months.

The year 1945 also marks the 100th anniversary of the birth of Prof. Wilhelm Conrad Roentgen, at Lennep, who is credited with discovering the original X-ray.

As with all inventions, Dr. Felton pointed out, the real nature of the Roentgen Ray was the result of long and laborious experimentation by many scientific investigators in electrical excitation of vacuum tubes.

Although primarily a scientific discovery and used in many other fields such as the detection of steel fractures, the medical value of the X-ray was immediately apparent and the discovery was loudly acclaimed by the Berlin Society of Internal Medicine in January, 1896, by the Lancet and the British Medical Journal in the same month; by the Journal of the American Medical Association in February, 1896, and by many other medical publications.

One of the first applications of the penetrating X-ray, by Prof. Roentgen himself, was that of photographing his wife's hand. At first the ray-pictures were called "skiagrams," and later Roentgen rays. Prof. Roentgen himself gave them the name "X-ray."

## The History of the Shoe

In the days of Queen Victoria, the middle-class becomes the dictator of fashions. It is the period of furbelows, trips to the sea, and sports. Men wear smoking-jackets, spats, and square-toed shoes, while women appear in patent-leather slippers or dainty Messians. In fact, democracy in fashion is being felt.

## Buys First 'Tribute' Bond

Maj. R. H. "Bobby" Tye, formerly with the 1st Canadian Scottish, shown above with J. D. Munro, public relations organizer for the 9th Victory Loan, signs up for the first "tribute" bond, on the canvass in Victoria. The object is to make every bond over the minimum quota of \$8,400,000, which was achieved Monday, a tribute to the fighting men of the island. Maj. Tye, who is now back at his civilian occupation with Vancouver Island Coach Lines, was wounded in November, 1944, and posted missing. Later it was learned he had again been wounded and taken prisoner of war by the Germans. He was cited by a Canadian war correspondent for a "brilliant piece of work" in the Normandy invasion on D-Day, when, after landing Maj. Tye went forward with his Indian runner, Solomon Jack, and brought in 17 German prisoners.

## Hometown Letter

DEAR

ARTHUR R. COX and Mrs. M. A. Inverarity were taken to hospital when fire swept through the "Brae Mar" Apartments, 1012 Oliphant Street. Both were reported to have jumped from windows in the two-story structure. Other occupants of the apartment who were forced to flee in night attire were Mr. and Mrs. Robert Gonnason and Mrs. Elizabeth Doidge and her young son. The caretakers, Mr. and Mrs. Frank Thompson, lived in the basement apartment, which was not seriously damaged. Fire wiped out most of the interior of the two upper stories, leaving walls, floors and ceilings charred.

ANNUAL HARVEST of Christmas trees in British Columbia for the export market is now in full swing. Cutting will continue for export until the middle of December. Trees are being shipped by truck and rail to the large centres of the central and eastern states. Some Christmas-tree cutting will be done on Vancouver Island, but not on the scale of 10 years ago.

LAST BIG CROWD of repatriates from Jap prison camps left Victoria on two special C.P.R. boats on the next lap of their trip to the United Kingdom. Acclamation of Mayor Percy George for a second term in office seems likely. All suggested and rumored opponents have declared they have no intention of opposing him. P. L. James, one of the four architects working on plans for the Memorial Arena, has resigned. He refused to serve as an associate architect because of the committee's approval of the plan.

tented barrel-type concrete roof. Receiving the D.F.C. are F.O. George Keeper, Flt. Lt. A. L. Pearson and F.O. J. E. L. John.

FIRST OF HER TYPE to come to Esquimalt, H.M.C.S. Algonquin arrived last week-end from the Mediterranean by way of Trinidad and the Panama Canal. She is commanded by Lt.-Comdr. Philip Haddon, R.C.N. Department of Veterans' Affairs reports that most veterans applying for re-establishment credit during October wanted it for repair, modernization, or acquisition of homes or purchase of furniture. More than 1,400 guests attended the police ball to form a record crowd for the annual affair. Flt. Lt. Desmond McCabe has graduated at Winnipeg as a Trans-Canada Air Lines pilot.

LAST OF THE SHIPS bringing repatriates from the Orient, the United States transport Perida tied up at Esquimalt with 380 British troops bound for Macaulay and Gordon Head before continuing their homeward journey. There were more than 700 American soldiers aboard, too, including veterans of Corregidor and Bataan. H.M.C.S. Uganda, now berthed at Esquimalt, will go on a training cruise before the end of the year, and her sister ship, the Ontario, will come to Esquimalt for a refit. The Uganda is expected to go through the Panama Canal.

AN explosion at Esquimalt was the result of normal bomb disposal operations now being carried out. The blast shook some downtown buildings, broke one or two windows in Esquimalt, was heard at Royal Oak and Lake Hill. Maj. Roland Horsey is expected back after four years overseas. Victoria Chamber of Commerce has appointed a committee to look into employment situation at the post office. Woodhouse said he had had reports that letter carriers were being burdened with overwork and that some young returned men who had started as letter carriers had left because of that.

VICTORIA has had its first snowfall with the temperature down to 38 degrees. Snow fell in the Sooke Hills and around Elk Lake and Cordova Bay, and the following day in the city, melting as it hit the ground. Victorians returning aboard the Algonquin included AB. R. Anderson, Ldg. Cook B. C. Stevens, L. Tel. D. K. Haynard, P.O. Tel. D. Larkey, Yeoman of Signals W. Moyes, P.O. J. Douglas, AB. J. W. Harvey, L. Tel. S. O. Lloyd, St. R. T. Atkinson, L. St. E. Delhanty, AB. R. E. Fitchell, CPO W. A. Robinson.

ROY "CAP" THORSEN writes in the Times about a veteran's impressions of coming back to the hometown after four years overseas. He says: "It is easy to see that this capital city has had an acute case of growing pains. Crowds are heavier. We don't, however, recognize near as many faces as we did back in prewar days. Buses and streetcars are fuller, in fact, seats, extremely hard to get at certain hours. This business of streetcars only stopping every second block has defeated us a couple of times. In the residential districts the increase in housing is very noticeable, including those partly constructed."

MRS. THOMAS GOLBY, a resident of the city for 35 years, died at the age of 71. Victoria musicians are hoping to revive the annual music festivals, and will choose a board of directors this month. Greater Victoria

## May Convert More Huts for Housing

Indications that more army hutsments in the Victoria area might be converted into emergency housing units on a similar basis to the Topaz Apartments, which are nearing completion, were given today when J. G. Walker, provincial emergency shelter administrator, accompanied by Ald. T. W. Hawkins, chairman of the city housing committee, inspected available buildings.

In addition to looking over the Topaz Apartments, which Mr. Walker said impressed him very favorably, they inspected Tyeo Road hutsments, Dallas Road and Clover Point buildings.

There is some possibility that several of the buildings at Tyeo Road will not be needed for the vocational training courses, and if so these may be used for housing units, Ald. Hawkins said.

Mr. Walker will remain in Victoria several days, thoroughly canvassing the housing situation here in all its aspects.

passed its quota of \$8,400,000 in the 9th Victory Loan at the conclusion of the second week and with another week to go. The district is now striving to reach \$11,760,000.

VICTORIA men who have joined the Royal Canadian Navy permanent service and who are training at Cornwallis, include Robert John Baldwin, Arthur Carrington, Albert Cotton, Ernest James Gardner, Lucien Langlois, Lloyd F. Padgett, Eric Stanley Parker, Arthur D. Sanders. Eighty pieces of jewelry valued at approximately \$400 were stolen from the front window of D. G. Pennock, Jeweler, 618 Yates. Trial of Charles Kinney on a charge of murdering his former Victoria High classmate Phyllis Stroud opens at the fall sittings next week.

UNTIL next week.

Today the only thing that distinguishes them is a crowned silver shield bearing a trefoil of red maple leaves. An unobtrusive button symbolic of so much in the life of the wearer. Canadians at home welcome them back with pride.

Ask those who wear it, they'll tell you that during years in uniform the demand was for the unfailing solace of Sweet Caps — and now, back in "civvie" it still rates first in smoking pleasures.

## Schubert Club Opens New Season With Fine Concert

By AUDREY ST.D. JOHNSON

Opening their 23rd season, the Schubert Club were heard in recital Tuesday night at Metropolitan United Church, with Frederic King, founder and conductor, leading them through a well-chosen and interesting program. Assisting artists were Pierre Timp, baritone, accompanied by Grace Timp, and Edgar Holloway, organist.

True to their name, the choral part of the program opened with two Schubert selections, "Whither" and "Serenade." These were beautifully arranged and the former, particularly, was delicately sung and well phrased. Another Schubert number later in the program was the "Ave Marie" in which the solo part was delightfully handled by Maida Carver. "Christ Went Up Into the Hills," by Hageman, gave Lola Kenmure an opportunity for some fine solo work and the chorus a chance to display tonal beauty in subdued passages with a quality that held throughout rising crescendos.

Other outstanding moments for the group came with the singing of "The Cloud," Shelley's poem charmingly arranged by Fletcher, Rachmaninoff's turbulent, joyous "Floods of Spring," and particularly, "I Couldn't Hear Nobody Pray," a negro spiritual. This last is a truly lovely piece of music and was rendered with feeling and deep understanding, the descant-like embroidery exquisitely handled by Maida Carver.

### ASSISTING ARTISTS

Pierre Timp, whose rich baritone voice is ever popular with Victoria audiences, sang three groups of solos. His gifts of interpretation are always especially striking and the contrasts Tuesday night were vivid between the broad movement of Parry's "And Did These Feet in Ancient Time" the dramatic "Lute Player," by Allitsen, the poetic "Do Not Go My Love" of Richard Hageman and Grieg's "My Mind Is Like a Peak Snow-crowned." His encores were "Three," by Florence, Ayward and "Passing By," an arrangement by Winifred Bury.

Edgar Holloway, organist of the Metropolitan Church, gave three solos, opening with Bach's "Be Thou But Near" and playing also "Intermezzo," by Moslim, and Fletcher's "Festal Offering," in all of which he displayed his fine musicianship. Organ accompaniments were also added to the piano in several of the chorus selections.

Dorothy Gough was the very able piano accompanist.

## Michael Creal Gets Kiwanis Scholarship

Presentation of the annual Victoria Kiwanis Club \$100 scholarship to a Victoria College student was made to Michael Creal by Dr. W. A. Carrothers at a luncheon meeting of the club in Empress Hotel Tuesday.

Mr. Creal, a second-year student at Victoria College, announced his intention of majoring in history at the University of B.C. and then going on to Trinity College to take theology.

He said the scholarship meant a great deal to him and hoped he would be able to measure up to standards set by other scholarship winners in the past.

In thanking the Kiwanis for the presentation, Mr. Creal spoke of the public-spirited co-operation shown by Victorians and said the students at the college valued the interest and support given by the Kiwanis and other organizations in the city.

Dr. Carrothers, in his presentation address, said the world today was facing great difficulties and confusion, even when it was treated with honesty and discretion. In this age, he added, not only knowledge was needed, but also understanding.

He noted Mr. Creal had gained an average of 87 per cent in his last year marks even though taking one-fifth more than the full course.

Dr. J. M. Ewing, principal of Victoria College, described Mr. Creal as "one of the finest men with whom I have ever been associated." He spoke of theology as one of the most important fields a young man could choose in Canada and added he believed the Kiwanis Club would one day be able to regard Mr. Creal as one of the finest people Canada has.

He thanked the club for the interest taken in the college. "I do not think there is anything finer than the thing you have done today," he said.

He praised the club as a body of men who appreciated the value of education, and said the future of Canada lay in the hands of "just such young men who you are helping forward in life."

Three new members were introduced to the club by Forrest L. Shaw. They were T. Denny, A. J. Patton and G. H. Marr.

## Meat Dealers Warned Of Beef Shortage

A warning that the beef situation might be "very serious" early next year was given by J. D. Cornett, provincial chairman of the meat dealers' section of the B.C. Division of the Retail Merchants' Association of Canada, at a meeting of Greater Victoria independent meat dealers at the Empress Hotel Tuesday night.

Mr. Cornett reported on a recent meeting of the B.C. Beef Cattle Growers' Association. Establishment of minimum selling prices through legislation before competition became too keen, was suggested by Mr. Cornett.

G. R. Matthews, secretary B.C. division, said Canadian meat dealers were positive there was no need for meat rationing in Canada as it was now in effect. Mr. Matthews noted that Dominion government had been asked to introduce a scheme of voluntary rationing as an alternative. Submissions by his organization, in line with this alternative, were outlined by Mr. Matthews.

A. H. Wheeley, chairman of the meeting, said the meeting was the second in a series to be held in B.C.

## 5 Island Soldiers Receive Decorations

Award of decorations to five Vancouver Island members of the Canadian army was announced today by National Defence Headquarters, Ottawa.

The Distinguished Service Order was awarded to Lt.-Col. Anthony J. B. Bailey, M.B.E., R.C.A. Crofton, and Maj. James D. Baird, R.C.A., 2930 Qu'Appelle Street, Victoria.

Lt. John Harris, Canadian Infantry Corps, 537 Milton Street, Nanaimo, was awarded the Military Cross. The Military Medal was awarded to Cpl. (Acting Sgt.) Frederick H. Jesson, Canadian Provost Corps, 749 Market Street, and Cpl. (Acting Sgt.) George H. Jackson, Canadian Infantry Corps, East Wellington.

For strike meeting, Chamber of Commerce, 8 o'clock, Thursday night.

# Lingerie

Beautifully fashioned  
to please your feminine heart . . . . .  
made to wear you well and fit smoothly

Yes, it's lovely lingerie Thursday at "The Bay!"

Dainty gowns, slips, panties, housecoats, negligees,  
beautifully styled, carefully detailed to give you a  
luxurious feeling at a surprisingly low cost! Practical, too . . . for they're made to wear you well.

Choose yours now . . . or choose for Christmas  
gift giving later.

## A. Dainty, Beautifully-Detailed Gowns

In rayon crepe, satin or sheer. **3<sup>98</sup>**

Dainty pastel-colored gowns, exquisitely fashioned from fine quality rayon crepe, satin or sheer. Some nicely embroidered, others with feminine lace trimming. Small, medium and large sizes. Others at **4.98**.

By PETE SALLAWAY

VICTORIA hockey followers took special interest in that 4 to 1 victory of the New York Rangers over Toronto Maple Leafs last week-end. Two of the Rangers who were real favorites with local rabid fans at the Willows rink as members of the crack Navy club, right-winger Hal Brown and goalie Chuck Raynor played star roles for the Rangers. Brown got himself a pair of lightning fast goals in the third period while Raynor was the busiest person in the rink as he kicked out and caught the puck in brilliant fashion all evening.

OF COURSE, it didn't leave a very sweet taste in the mouths of Victorians when Montreal's Elmer Ferguson in announcing the three-star selections had to admit he didn't know where Brown hailed from or what teams Brown and Raynor had played with in recent seasons. There was never a mention made of Victoria. Ferguson, despite the fact he is one of Canada's most noted sports writers, must be just another of those easterners who figure Canada ends at the Rockies.

SPEAKING of hockey I note where Victoria's iceless youngsters have once again started their annual trek to Nanaimo to practice for next spring's British Columbia minor playoffs. It will be remembered that our juveniles battled their way to the semi-finals of the provincial finals last season despite the fact they were forced to do all their practicing at the up-island town. Ivan Temple, coach of the minor clubs, informed me today that 28 juveniles and 10 midgets made the first trip to Nanaimo last week-end. "Our juvenile club looks much improved over last season with three prairie boys providing the team with a crack line," he said. "We are receiving 100 per cent co-operation from the Nanaimo rink and are hoping to be able to take part in games there on New Year's Day." The enthusiasm of these youngsters who are willing to make the long trip to Nanaimo every week-end and pay their own expenses, certainly deserves commendation.

GATHERED from here and there: Legless Group Captain Douglas Bader walked more than four miles recently to play a round of 93 in the R.A.F. Golfing Society's tournament at Rickmansworth, Eng. Unaided in all his stroke he got good distance off the tee and putted as accurately as the rest of the field. English boxing comes up with a dead-mule-fighter in welterweight Pat Cubbs who has racked up 14 wins in 19 bouts. Stone deaf he is oblivious to the noises peculiar to the fight game. A tap from the referee stops him fighting immediately. Being an accomplished lip-reader he has no difficulty following a conversation. After Bucko McDonald played his first game of hockey for Hull Volants, some fellow members of the House of Commons presented the Liberal member for Parry Sound with a bouquet of flowers. Bucko accepted the garland gracefully and passed the posies around among the girls at the Commons stenographic pool.

## Southworth to Boston

## Dyer Manages Cards

ST. LOUIS (AP) — Appointment of Eddie Dyer as manager of St. Louis Cardinals to succeed Billy Southworth was announced today by Sam Breadon, president of the Cardinals.

Dyer was given a two-year contract.

Dyer's appointment follows the announcement Tuesday that Billy Southworth had been released by the Cardinals to take over management of the Boston Braves.

General manager John Quinn of the Braves, who made the announcement, said president Sam Breadon of the Cardinals had agreed to release Southworth because the Braves' owners made such an attractive offer "that he felt he couldn't stand in Southworth's way."

BRAVES HOPEFUL

"We believe," said Quinn, "that with a top-flight manager like Southworth we can go places."

"In his career as Cardinal manager he finished in first place three times, second twice, third once and fourth once."

The Braves' general manager said Del Bissontette, who will be succeeded by Southworth, will remain in the Braves' organization.

A former top-ranking executive in the vast Cardinal farm system, Dyer resigned a year ago to enter the oil business with his three brothers in Texas. However, he kept his finger in baseball by representing the Red Birds at meetings of the suspended Texas League.

Dyer, now in his middle forties, once performed as pitcher for the Cardinals in the early 1920's, but found his greatest success as a minor league manager.

SOUTHWORTH HAPPY

CLEVELAND (AP) — Billy Southworth, former pilot of the St. Louis Cardinals baseball team, said Tuesday night he was "very happy to return to Boston" as manager of Boston Braves.

Southworth, signed to succeed Del Bissontette as Boston manager, declared while en route to Beantown: "I am sure the Braves' ownership will be very co-operative with me and I am looking forward to joining their organization."

The grey-haired pilot who led the Cardinals to three straight National League pennants said: "The Braves had the hitting last year and if we can get the pitching staff clicking, we may be able to cause some trouble in the pennant race."

Commenting on Cards' owner Sam Breadon's statement that the St. Louis management "did not want to stand in the way," Billy remarked: "It was very fine of Breadon to release me from my contract which ran for another year."

## Calgary Rejects Winnipeg Offer

CALGARY (CP) — Calgary made a counter offer to Winnipeg Tuesday following rejection Monday of the latter club's guarantee of \$900.

Still sticking to his statement that \$900 was a "ridiculous offer that would pay less than half his team's expenses," Mr. Grogan, president of the Calgary Stampers, asked for a minimum of \$1,500, and offered the same deal to Winnipeg if Bombers would come to Calgary, Saturday.

His telegram to N. J. Taylor, Western Union president, read: "Will accept \$1,500 guarantee and 50 per cent of net gate to play in Winnipeg Saturday Nov. 10, or will give same deal to Winnipeg, with game to be played in Calgary Nov. 10. Pass list in either case to be restricted to 100. Must have answer by Wednesday, in order to get ticket sale under way."

"We wouldn't insult Winnipeg by asking them to come here for the \$900 guarantee they offered us," said Grogan. "I think we are showing good faith in asking no more from Bombers than we are prepared to give in return."

Shorty Coombs tops Coast ice scorers

SEATTLE (AP) — Shorty Coombs of Seattle tops Pacific Coast Hockey League, northern division scorers, with 16 points gained on seven goals and nine assists, an unofficial compilation disclosed Tuesday.

Two more of the Seattle Ironmen are tied in second place with Bill Carse of Vancouver at 13 points, but the scoring title belongs so far to Johnny Millard of Portland, who has banged home 10 goals. His one assist gives him 11 points for a fourth place tie with Johnny Ursaki of Seattle and Eddie Shamlock of Portland.

Another Portlander, Phil Delgeish, is the league's leading bad boy, having spent 18 minutes in the penalty box.

FIGHTER DIES

NEW YORK (AP) — Arthur Walker, an 18-year-old negro boxer, died Monday night, medical examiner Edward Santara said, of injuries received in a boxing bout with another New York negro, 16-year-old Leroy Norton.

Norton was questioned by police, but he declined to reveal either the company's name or its location.

## Myers Credits Contact Lenses For Grid Success

TORONTO (CP) — The latest sensation of the Canadian grid-iron is slender Billy Myers, 135-pound native of Saint John, N.B., who says contact lenses wrought a "marvelous" change in his ability to throw and receive forward passes for Toronto Argonauts of the Interprovincial Union.

The 22-year-old quarterback who has suffered from progressive myopia since childhood—his vision is about 20/400—wore the scientific sight aids for the first time Saturday as Argos crushed Ottawa Roughriders 27 to 8 in the first game of a total-points, home-and-home series for the Big Four title.

Billy responded by accepting one touchdown pass from Joe Krol and galloping 25 yards for another on a second toss from Krol. He handled the club flawlessly from the pivot position and sprinted one kick-off 50 yards through virtually the entire Ottawa team.

His teammates call him "Bubbles" now because of air bubbles which form in the liquid used with the new lenses.

When he left home for varsity stadium Saturday, his mother, Mrs. Blanche Myers, said she would wave to him from the stands.

"I'll be able to see you for the first time, mother," she quoted her son as saying. Before Saturday, she said, Billy played "by ear as much as by eye." Without glasses, he can't see objects clearly at a distance of more than two feet.

He now is in his second year at the University of Toronto.

Despite his light weight, Myers takes football's hard knocks with aplomb. He can do this, he says, because "I don't drink, don't smoke and always keep in shape—an old routine, but still the best."

## Pastor Pitcher Gets His Church

EAST ORANGE, N.J. (AP) — Rev. Bertram E. Humphries, known as Bert Humphries to baseball players of the International League, where he hurled last August for the Syracuse Chiefs, will become pastor of the Trinity Congregational Church, East Orange, Dec. 2.

He signed with the New York Yankees in 1934 and during the next two years played with Newark Bears, Norfolk, Va., and Akron, Ohio.

In 1936, after being released from the Yankee chain, he attracted attention of St. Louis Cardinal scouts by his pitching for Brooklyn Bushwicks and played until 1939 for Columbus, Pine Bluff and Sacramento.

For the last five years he has been a hurler in the final weeks of the season for teams in the Eastern and International Leagues.

## Mustangs Prepare For Game Saturday

Victoria Mustangs preparing for Saturday's intercity engagement with Vancouver Kitsilano suffered a tough break in last night's heavy scrimmage when Steve Rynoski, star quarterback, suffered a couple of cracked ribs. Coach Bill Bishop stated today he was a doubtful starter.

On the bright side of the picture Roy Metcalfe and Tommy Joyce will both be back in the line-up against Kitsilano, after being absent from last Saturday's clash against North Shore.

Mustangs will hold another heavy scrimmage at Macdonald Park Thursday night at 7 and a light workout Friday evening at the same grounds at the same time.

## Three Basketball Battles Tonight

City league basketball teams will engage in a trio of games at the High School gym tonight. Secretary Ivan Temple announced the schedule as follows:

7—Comets vs. Hudson's Bay, women's league.

8—Eagles vs. Chinese Students, intermediate B boys.

9—Brentwood Aces vs. Eagles, senior B men.

## OFFER DEMPSEY JOB

NEW YORK (AP) — Max Waxman, manager of Jack Dempsey, said Tuesday night that the former heavyweight champion has been offered the directorship of an organization to be formed for the promotion and televising of boxing shows at a salary of \$250,000 a year.

The offer came from an advertising company, Waxman said, but he declined to reveal either the company's name or its location.

## They'll Do It Every Time

HE GIVES JUNIOR A PIGGY BACK RIDE ACROSS THE ROOM AND HE'S ALL WASHED UP. OR SO HE SAYS.

NO-NO MORE, SON (PUFF-PUFF) DADDY'S TOO TIRED. I'M AFRAID IT'S MY HEART, EVA. MAYBE (PUFF-PUFF) I BETTER SEE A DOCTOR!

BUT YOU OUGHT TO SEE HIM WITH A 75-POUND BAG OF CLUBS ANY SATURDAY OR SUNDAY.

## Fourth Straight Ice Win

## Canucks Beat Portland

VANCOUVER (CP) — Vancouver Canucks are showing their heels to the other three clubs in the northern division of the Pacific Coast Hockey League and they lengthened their lead here last night when they trounced Portland Eagles 8 to 3 before a capacity crowd of 5,000.

The league's southern division made its debut in Oakland last night and Oakland Oaks copped the opener 7 to 3 from San Francisco Shamrocks.

It was Canucks' fourth straight victory and seventh win in eight starts. Despite last night's loss, Portland still holds down second place in the northern bracket.

Seattle Ironmen are third and New Westminster Royals are in the cellar.

Hardly had the puck hit the ice for the opening face-off than Eagles crashed through the Vancouver defence for the opening score, but Vancouver retaliated with two goals in four minutes. Goals were plentiful for the remainder of the period and Portland was allowed one more before Canucks swept through for three straight and a 5 to 2 lead at the breather.

The three-goal lead didn't alter after the middle session as both teams counted a single. The third period saw the Vancouver squad outskate Portland and sink two more goals for the five-goal victory.

McDougal and Mel Nielsen led Canucks with two goals each while Elmer Kreller, Joe Evans, Lyall Swaney and Bill Carse supplied the others. Eddie Shamlock, Art Schumann and Eddie Coleman accounted for Eagles' markers.

TURN FANS AWAY

An estimated 2,000 fans were turned away from the Oakland stadium before the southern division opener got underway.

Penalties proved fatal for San Francisco and Oaks took advantage of the extra-man combination play to mark up three goals while Shamrocks were short-handed.

Oakland opened the scoring and ran up a 2 to 0 lead before San Francisco broke into the scoring ranks.

Big Andy Barke, Oakland defenseman, copped scoring honors for his team, netting three goals.

SUMMARY

First period—1, Portland, Shamlock (Colesman), 4-2, Vancouver, Kreller (Carse), 4-2; 2, Vancouver, Nielsen (Grove), 4-3; 3, Portland, Coleman, 12-13.

Second period—1, Vancouver, McDougal (Kreller), 15-16; 2, Vancouver, Evans (Pringle), 15-16; 3, Vancouver, McDougal, 17-18. Penalties—Millman, Tamminen.

Third period—1, Vancouver, Nielsen (Colesman), 13-15; 2, Portland, Evans, 15-16; 3, Vancouver, Nielsen (Colesman), 15-16. Penalties—Schumann.

## Rainbird Captures Melbourne Cup

MELBOURNE (CP) — Rainbird, a 12 to 1 shot, outran a large field today to win the Melbourne Cup, Australia's greatest racing classic.

Rainbird covered the two miles in three minutes 24 1/2 seconds, finishing 2 1/2 lengths ahead of Silver Ink. Leonard was third.

The crowd attending the victory cup race at Flemington, including 5,000 British and United States sailors, poured \$232,000 (approximately \$335,000) through the betting machines for what correspondents said was the greatest betting total in Australian racing history.

The race carried a \$10,000 (\$36,000) purse.

KAYO FOR PATERSON

LONDON (CP) — Jackie Paterson of Glasgow, recognized here as the world flyweight boxing champion, scored a technical knockout over Sammy Reynolds of Wolverhampton in the third round of a scheduled 10-round bout at the Queensberry Club Tuesday.

## J. V. Johnson Named Baseball President

Johnny Johnson has been elected president of the Victoria Baseball and Athletic Club, according to an announcement made today. George Straith is vice-president, Eric Cox, secretary, and Jim Neely, treasurer.

Laurel Harney has been named manager of the Victoria team to play in the Western International League next season. Harney played a leading role in organizing the local company to secure a franchise in the professional league.

Harney stated today that the contest to secure a name for the Victoria club may be closed sooner than first expected owing to the fact that the club uniforms have to be ordered immediately. So any fans wishing to submit a name should do so within the next few days.

## Oregon Approves New Race Track

PORTLAND, Ore. (AP) — The Oregon racing commission Monday approved plans for a \$600,000 race track here promoted by Bill Kyne of the Bay Meadows track, San Mateo, Calif.

Kyne said he would lose no time in getting started. Grading was to begin today. No dates were requested or suggested, but Kyne said he would like to open the track May 29 for a 20 to 30 day meeting.

Fireproof stables for 600 horses will be constructed and a one-half or three-quarters mile trotting track may be added inside the main one-mile oval if response from fans indicates trotters would be favored.

## Al Davis Decides To Quit Fighting

NEW YORK (AP) — Al (Bummy) Davis, who scored the biggest upset of 1944 by knocking out lightweight champion Bob Montgomery in the first round, probably fought his last bout, promoter Mike Jacob's office said Tuesday, because of difficulty in making weight.

As a result, Davis' Dec. 21 10-round bout with Morris Relf at Madison Square Garden has been canceled.

Davis, 27, started fighting in 1937 and engaged in nearly 80 bouts. He last appeared in the Garden May 25 when he suffered a four-round knockout by Rocky Graziano.

## Intercity Soccer Monday

## Name Victoria Team

Victoria all-star team to oppose Vancouver St. Saviours in an intercity soccer match at Athletic Park Monday was announced today by officials of the Victoria and District League. Starting time will be 2.30 and the tussle promises to be a thriller as the starting lineups will include some of the finest football material in the province.

St. Saviours, strengthened by the addition of three star players recently discharged from the services, goalie Chuck St. Denis, Tommy McGibben and Johnny McKay, will bring over a star-studded line-up. Against this club Victoria will offer an eleven chosen from the six clubs of the local league.

Jack Evans of Toppers was named for the goal position with Bobby Bell, Victoria West, and Eddie DeCosta, Navy, in the full back berths. The halfback line will see Joe Robbins, V.M.D., at centre, flanked by Red McMillan, Victoria West, and Jack Horne, Nanaimo.

The forward line will have plenty of goal-scoring ability with Art Denton, Nanaimo, at outside right with Alvin Parks, V.M.D., at inside. The centre forward position will be looked after by Donald Smith of the Navy. On the left side of the line will be Alec Dallimore and George Payne, both of the V.M.D.

The substitutes include Vince Clarkson, Victoria West; F. Ruff, Navy; Jimmy Sinclair, Nanaimo; and Gordon Creed, A. Jenkins, and A. Young all of Toppers.

Jack McCall of the V.M.D. will be team manager with R. Clarke, as trainer. A practice of the all-stars will be held at Athletic Park tonight at 7.

## East-West Grid Final Set For Toronto Dec. 1

MONTREAL (CP) — The east-west game for the Grey Cup and the Canadian football championship will be played in Toronto Dec. 1. Lt. Col. D. Stuart Forbes, president of the Canadian Rugby Union, announced Tuesday, setting at rest speculation that the western Canada champions might be asked to play the Interprovincial Rugby Union champions in a sudden-death semifinal Nov. 17.

The eastern Canada final will be played Nov. 24 between the Big Four and Ontario Rugby Football Union champions. Two Toronto teams — Indians and Balm Beach — will play for the O.R.F.U. title. Toronto Argonauts have a stranglehold on the Big Four Honors having won from Ottawa Rough Riders in the first game of a home-and-home points-to-count series which winds up in Ottawa Saturday. In the west Calgary and Winnipeg are playing off for the right to come east for the historic classic.

Col. Forbes says the arrangement carries out plans laid by the C.R.U. executive at a meeting early in October when it agreed to a request by the O.R.F.U. that the east-west game be set back one week, from Nov. 24 to Dec. 1, because it was unable to have a team ready to play in the eastern Canada final by Nov. 17.

## Soccer Meeting

A meeting of the second division of the Victoria and District Football League will be held tonight at 8 at the Britannia Branch.

Entries will close tonight and all teams interested are asked to have a delegate present.

## Racing Results

AT BAY MEADOWS

First race—Six furlongs: Oran (Belaski), \$25.40 \$16.40 \$10.50 Greenocks Maid (Swag), 12-10 — 6-46

## Veterans Face Tough Time In Major Hockey

Coach Frank Boucher's warning that the National Hockey League's return to normalcy will make it tough for older players seems borne out in the case of Rudolph (Bingo) Kampman.

The New York Ranger coach made the prediction last week and the announcement today that Kampman is headed for the minor leagues apparently supports his theory.

Kampman, 31-year-old native of Kitchener, Ont., who turned professional in 1937-38 with the old Syracuse Stars, returned this year from a long stretch in the Canadian army, rejoined and practiced with Toronto Maple Leafs and then was reported traded to Boston Bruins.

Now the word in National League circles is that Bruins balked at Toronto's asking price for Kampman and turned down the deal. Leafs, unable to find a place for the bruising defence man are expected to find him a minor league berth.

While Leafs ponder the future fate of Kampman, coach Happy Day is concerned with tonight's home game against Boston—game in a schedule which finds Toronto called upon to play four games in five days.

Leafs, still without a victory in four league starts, oppose Detroit Red Wings away from home Thursday then hook up with Chicago Black Hawks in a week-end, home-and-home series starting at Toronto Saturday. The Boston-Toronto clash is the only N.H.L. game scheduled tonight.

## Table Tennis Club Tourney Next Month

Annual championship tournament of the Victoria Table Tennis Association will be held Dec. 5 to 8, at the Crystal Garden headquarters and entries should be filed not later than Dec. 4.

In first division play, Lake Hill, undefeated leaders, were hel' to an 18 to 18 tie by the Giants. In other games Painters defeated Gonzales, 19 to 17; MacDonald's won from Aces, 24 to 12, and Robinson's beat Comets, 23 to 13.

Scores follow:

Lake Hill-K. Olsen 7, D. Robinson 5, W. McGregor 3, S. Smith 0, doubles 1, Olsen-A. Neil 7, D. Robinson 4, A. Downham 2, J. Morris 2, doubles 2, MacDonald's-W. Brown-Cox 4, E. Brown 6, G. Southern 4, E. Lambert 4, Jacobs 2, Tully 0, N. Lev 4, G. Fish 4, A. Hunt 0, doubles 2.

Printers Bros.-W. Cotton 8, G. Wilson 2, E. Goodwin 3, T. Derry 2, doubles 2, Comets-R. Payne 1, D. Robinson 5, V. McKay 3, J. Derry 2, doubles 2.

Robinsons-W. Robinson 1, R. McKay 6, J. Olsen 3, R. Oles 3, doubles 2, G. Lonsky 2, R. Oles 1, doubles 2.

## ACES PRACTICE

The Gorge Aces second division juvenile football team will hold a workout at Central Park at 4 tomorrow afternoon.

Now finish your job with a Tribute Bond—your tribute to the boys who finished their job.

## Nelson Prepared To Battle Locks

TEXARKANA, Tex. (AP) — Byron Nelson, all-time record money winner of golf, said Tuesday he was "inclined to accept, subject to a few details," an offer of \$10,000 and expenses for a trip to Capetown to play a series of matches against Bobby Locke, leading South Africa linksman.

The offer was made by mining magnate Norbert Ereleigh and Nelson said he was wiring Ereleigh his response. He expects an answer within 10 days.

Nelson, in Texas on a vacation, declared there were a few details necessary to be cleared up before making a contract—the most important that he take his wife, Louise, along with him.

The first offer was for January and February dates but he is unable to make them, so spring dates probably will be suitable, Nelson said.

## SCHOOL SOCCER

Results of games in the Greater Victoria High Schools' Soccer League follow:

JUNIOR

Mount View 0, Oak Bay 1. Mount Douglas 4, Victoria High 2.

SENIOR

Oak Bay 1, Mount View 0. Esquimalt 1, Mount Douglas 1. Victoria High "B" 3, Victoria High "C" 0.

## Elks Leader Buys Bond Here

Fred Haney of Calgary, Grand Exalted Ruler of the Elks of Canada, signs up for an additional \$100 bond in Victoria. At his left is C. Howard, Grand Exalted Ruler of the Victoria Elks, while Archie Browne, 9th Loan bond salesman for the Elks of Victoria hands Mr. Haney the pen. Mr. Haney had already bought a full quota of bonds in Calgary, but he was so impressed with Victoria he decided to buy another bond here and boost the local quota.

## Scout News

The Senior Troop met Saturday evening with advance first aid work being carried out, including the use of the Hinds stretcher. A number of the boys received their maroon shoulder straps.

All members of the troop are warned to be on parade at the Crystal Garden at 10.30 Sunday. A cross-country hike is arranged for the Monday, starting at headquarters at 9.30.

E. Merritt, the District S.M., enrolled the following boys of the 3rd Victoria Troop at their last meeting: Roy Hogan, Don Hendry, Tony Baginski, E. Stacey, Bud Squire, Jim Howie. All members of the 3rd Victoria Troop are asked to be on parade Friday.

Mrs. Dorothy Allin has received her Part 1 Gilwell card, and Doug Peck his scout Gilwell beads.

The District Rover Crew held an investiture in St. John's Church Sunday afternoon, when the following were invested as Rover Scouts by Freeman King: Jim Smith and Charlie Watgis of the 2nd Cathedral Troop; Roy Hargreaves, 1st Cathedral; John Dibble, St. Mary's; Don Turner, Langford; Ron Ridley, Colwood. The investiture was presented by A.R.L. Jim Timms, E. Merritt; J. D. F. Bullen and George Davis were the sponsors.

After the ceremony all went to Mr. Merritt's for refreshments. North Quadra Rover Crew is being reformed again, under Cliff Kirchin.

## Kidneys Must Clean Out Acids

Excess acids, poisons and wastes in your blood are removed chiefly by your kidneys. Getting up nights, burning passages, backache, nervousness, rheumatic pains, frequent headaches, and feeling worn out, often are caused by kidney and bladder troubles. Usually in such cases, the very first dose of Cystex goes right to work helping the kidneys clean out excess acids and wastes. And this cleansing, purifying kidney action, in just a day or so, may easily make you feel younger, stronger and better than in years. The iron clad money-back agreement on Cystex insures an immediate refund of the full cost unless completely satisfactory. You have everything to gain and nothing to lose under this money back offer so get Cystex from your druggist today.

## Does ASTHMA Make YOU fight for Breath?

"I am 85 years of age," writes Mrs. A. Corson, Kamloops, B.C., "and suffered from asthma and bronchial cough for years. I choked, fought for breath and coughed until the muscles in my chest were sore. I took many things without doing much good, then I heard about RAZ-MAH. Since taking RAZ-MAH, I've had real relief and can sleep comfortably. Don't another, choke, sneeze another day. Take RAZ-MAH—now—and get quick, safe relief. Used by thousands every year. RAZ-MAH is sold at drug stores everywhere. 50c \$1. R-10

## Licenses Approved For 2 Coal Miners

Licenses to mine up to 10,000 tons of coal annually have been approved by provincial orders-in-council for King Gething, Hudson's Hope miner, and James Taylor, coal mine official at Princeton.

Coal from Mr. Gething's licensed area will supply Dawson Creek and Fort St. John. The

## Town Topics

The City Hall Employees' Association will meet Friday at 8 p.m. in the City Hall.

A building permit has been issued to W. B. Revercomb, to build a four-room house at 1226 Hillside Avenue, value \$5,000.

J. F. N. English, municipal inspector of schools, has returned to his office after an absence of several weeks while he completed his business at Trail, where he was former school inspector.

The Central and Northern Vancouver Island Teachers will hold a convention in Nanaimo Thursday and Friday of next week, with "Education—The Community's Task," as the theme for the gathering.

Basil Gardom, manager of Independent Milk Producers' Association, Vancouver, accompanied by Mrs. Gardom, is registered at the Empress Hotel today. Mr. Gardom was former superintendent of construction and repairs, Canadian Pacific hotels.

N. B. Robinson of the Vancouver office of Wartime Housing Ltd., is in Victoria today consulting with Ald. T. W. Hawkins, chairman of the city housing committee and local Wartime Housing officials. He inspected Topaz Apartments this morning.

Tenders are being called by the city for cast iron water pipe and valves, and bids will be received by E. S. Mitchell, purchasing agent, up to noon Nov. 15. Included are 8,600 feet of water pipe ranging from four to 12 inches, 15 six-inch gate valves and four 8-inch gate valves.

Trial of Biss Singh charged with assaulting Karma Singh with intent to commit bodily harm, is expected to take place during the fall assizes, here. The accused elected trial by judge and jury when he appeared in County Court before Judge H. H. Shandley, Tuesday.

Victoria Chapter, Industrial Accountants of British Columbia, will hold an open meeting Thursday, at 8, in the Empress Hotel, when the guest speaker will be Norman Terry, C.G.A., R.I.A., president of the B.C. Society. His subject will be "Controlling Production Costs in Machinery Manufacturing."

The governing committee of the Canadian Drama Award will meet in the Empress Hotel under the chairmanship of R. H. Palmer tonight, when recommendations from each of the nine provinces will be considered, together with the written opinion of all members of the Decury committee, with a view to the possible granting of awards to some of the outstanding workers for the cause of Canadian drama.

## New Destroyer Crescent Home Carrying B.C. War Veterans

H.M.C.S. Crescent, flotilla leader of her class and second newest ship in the Canadian navy, reached her first Canadian port at 9:45 this morning when she berthed alongside the recently-arrived, H.M.C.S. Algonquin at H.M.C.S. Givenchy.

Aboard her were army veterans from the European theatre of war including 24 B.C. men, of whom seven were Vancouver Island soldiers.

Before the Crescent was even made fully fast alongside, Cpl. Sylvia Birkett, C.W.A.C., of 915 Hillside Avenue, had leaned across the narrow gap between the ships and had her arms wrapped tight around her fiancé, Sgt. L. R. Punt, 600 Speed Avenue, a veteran of three and one half years service overseas.

The sergeant answered for his sweetheart when she was asked how it felt to have him back. "Don't even ask," he said with a broad grin.

Tpr. J. W. Clarkson of Nanaimo was met by his mother and father, grandmother and aunt.

Pte. J. A. Murphy, 943 Collinson Street, Seaford Highlands, said he found the trip rather long, but he added, "at least we've seen part of the world."

Commander of the Crescent, Lt.-Cmdr. Patrick Nixon, D.S.C., R.C.N., is a Victoria man. He was met by his mother, Mrs. A. C. Boydell, Wilkinson Road, his sister, Mrs. R. C. Hammill, same address, and his cousin Sylvia Piddington. Also on hand to greet the 28-year-old captain was Lt.

## End of Empire Trade Would Hurt B.C.

Most, Says Carson

Abolition of the British Empire trade preference system, the guiding influence in British Columbia's trade in the past 10 years, would effect British Columbia industry probably more than the production of any other province of Canada, Trade Minister E. C. Carson said today.

The United States, it is reported, is demanding the abolition of the Empire preference system—set up during a conference of Empire trade ministers in Ottawa during the depression—as a condition for a huge low-interest rate loan to the United Kingdom for rebuilding war-damaged cities and conversion of industry from war to peacetime production.

While more than 33 per cent of Canada's national income, before the war, was derived through the output of production for export—thus making Canada one of the greatest exporting nations of the world—British Columbia derived almost 60 per cent of her provincial income from the fabrication and production of products for export.

No other province of Canada relied before the war so heavily on exporting as British Columbia, Mr. Carson said.

All the surplus of British Columbia's three major industries went to the United Kingdom. This included lumber, fisheries and agriculture.

With the end of the Empire trade preference system, British Columbia may find she will have to revolutionize her production to meet the requirements of new markets if they are available.

At the moment the ending of the preference system would have little measurable effect on B.C. industry because United States and other countries are purchasing considerable quantities of the output of the soil, forests and sea from British Columbia.

But in the future, the cutting off of the Empire markets, born and maintained by Empire trade preference system, may result in B.C. having to find new markets and facing even stiffer competition for export trade than she did during the depression.

## V.D. Rate Doubles In British Columbia

Steady upswing in the curves plotting the new notifications of venereal infection in British Columbia is noted today in the monthly bulletin of the Provincial Board of Health.

An analysis in the bulletin of venereal disease incidence in the province during the last five years shows a steady increase in the number of new infections, both of syphilis and gonorrhea, the infections doubling during that period.

In 1940, the report shows, 996 cases of syphilis and 1,502 cases of gonorrhea were reported as new notifications. Corresponding figures for the following years are as follows: 1941, 998, 1,747; 1942, 1,002, 2,409; 1943, 1,183, 2,555; 1944, 1,379, 3,358.

## Hart Says Mayors Should Recommend Action to Citizens

Premier John Hart said today "it should be expected that the municipal representatives should now decide definitely whether they are prepared to recommend to the citizens the purchase of the assets of the B.C. Electric Railway Co. Ltd., lying within the municipal boundaries affected."

At the same time Premier Hart released a communication to Mayor J. W. Cornett outlining in detail the government's policy on the proposed purchase of the B.C.E.R.

The Premier's letter to Mayor Cornett said in part: "The government is prepared to take over the production and development of the power to supply the municipalities and also the distribution of power and light in districts outside of the lower mainland utility districts and the Greater Victoria utility district as outlined in the Gilman report."

"I repeat once again that the government will not take over the services of the B.C. Electric Railway Co. Ltd. (transit system, gas distribution, etc.) within the Greater Vancouver and Greater Victoria districts as outlined in the Gilman report. Consequently the question is up to the cities and municipalities in those districts to decide whether they will purchase those services and at a price to be determined by a tribunal or body to be set up by the government for such purpose."

"If the plebiscite or referendum is endorsed by the people and if the cities and municipalities petition the government for necessary legislation, it will be recommended by the government to the Legislature. Such legislation could make provision for the setting up of municipal commissions, and give whatever financial powers necessary."

"It will be the definite responsibility of the cities and municipalities to select and appoint the commissions and to make financial provisions for capital for expansion and general requirements and other expenses deemed necessary for the commissions' operations. If such an arrangement were made, the government will be prepared to issue bonds for the whole project and would accept bonds from the cities and municipalities or the municipal commissions for the amount of the purchase price of the assets acquired by the respective commissions."

## Burglary Charge Brings Acquittal

Two-day trial of Gordon Allen McLaughlin charged at the Fall Assizes with attempted breaking and entering of the Safeway Store at 301 Menzies Street on June 3 of this year, was concluded. Tuesday night when a 12-man jury acquitted the 27-year-old man after deliberating 30 minutes.

The case was tried before Mr. Justice J. M. Coady of Vancouver with Joseph McKenna defending and Robert D. Harvey, K.C., prosecuting.

## Canadian Scottish Memorial Service

Tribute will be paid those members of 1st Battalion, the Canadian Scottish Regiment, who made the supreme sacrifice in World Wars I and II at a short memorial service to be held Sunday at 2:30 o'clock.

Service will be held at the Canadian Scottish Cross, Pioneer Square, next to Christ Church Cathedral.

The Scottish association is expecting a large attendance of members and friends of the regiment.

## Stalin Not Present At Moscow Parade

MOSCOW (AP) — Premier Stalin, for the first time since he became the leader of Soviet Russia, failed today to attend the massive parade of soldiers and civilians celebrating the Socialist revolution in Red Square.

The Premier had broken a precedent earlier by allowing Foreign Commissar Molotov to deliver the "State of the Nation" address at St. Andrew Hall, in the Kremlin, Tuesday night. Premier Stalin did not attend.

Foreign diplomats suggested that perhaps he remained away to take none of the attention from Molotov.

Premier Stalin was reported Tuesday to have returned to Moscow from a month-long vacation in the south of Russia.

## Uncle Ray

WEBSTER PREPARED  
TEXTBOOKS AS WELL AS  
DICTIONARIES

Most of us think of Noah Webster as "a man who wrote a dictionary," but he did more than that. He worked in the field of education, and helped to provide better textbooks for boys and girls.

Webster graduated from Yale and, at the age of 23, was admitted to the bar. Although he was prepared to practice law, he changed his mind and became a teacher.

No Webster

The first thing Webster noticed was the poor quality of the textbooks which were used at that time. Before his 25th birthday, he started to work on three new textbooks, one of them a speller, the others a grammar and a reader.

Those books were successful, and soon were being used in various parts of New England. The spelling book, in particular, won widespread favor during the following years. Many thousands of copies of the speller were printed, and the young teacher received a royalty of a little less than a cent on each copy sold.

The royalty payments from his textbooks supplied Webster with enough money to support himself and his family. So he gave up teaching, and began to prepare a dictionary. His first dictionary was published in 1806, but the dictionary which made him famous appeared 22 years later. It was called the "American Dictionary of the English Language," and was the best dictionary which had been published in the New World up to that time.

Webster was only one of a number of men who tried to bring about better education on this continent. Other textbooks of an improved kind appeared, and better equipment was used in many schools. Blackboards came into use, and so did slates. Slates were made from pieces of a certain kind of fine-grained rock. Usually they were of oblong shape and had wooden borders. With pencils made of soap-

## The DOCTOR Says:

QUICK ATTENTION  
IMPORTANT IN  
ANKLE SPRAIN

By WILLIAM A. O'BRIEN, M.D.

Sprained ankles are usually caused by catching the heel of the shoe on a step, forcing the foot to suddenly extend itself with the side turned in, resulting in a tear of the ligaments on the front and side of the ankle. Pain varies with the extent of the injury, and may be so severe that the patient is unable to stand.

First thought when you sprain your ankle should be to learn if you have a fracture. The ideal method of finding a fractured bone is an X-ray examination. The ankle must be examined in several positions so that fine cracks in the bone may not be overlooked. The character of the tenderness over the injury also is suggestive because in a sprain the whole joint area is tender, while in a fracture only a small spot over the bone may represent the tenderness. This may be so sharply defined that it is pencil-point in size. If there is no fracture, the next step is to reduce the swelling.

## COLD APPLICATIONS FIRST

As soon after the injury as possible, take off your shoe and sock, lie down on an elevated foot. By this time a certain amount of bluish discoloration will be present, due to the escape of blood into the tissue.

Do not apply heat, as this will cause congestion with more swelling and discoloration. Instead, apply cold for the first two hours to keep the swelling down and to help in the clotting of the blood. Cold applications may be made by wringing out cloths in cold water or by putting on ice packs. After the preliminary cold application, heat is applied to help absorb the fluid and blood which has escaped into the tissues.

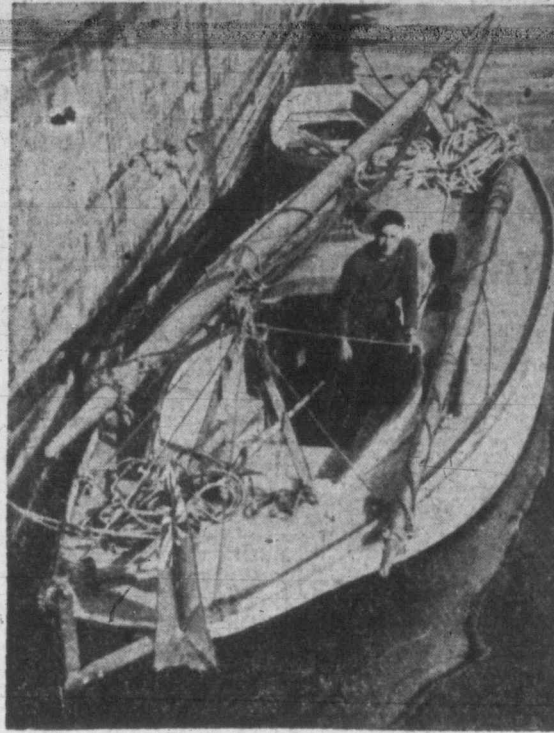

## USE FIGURE-8 BANDAGE

If the ankle is sprained and no fracture is present, the best dressing is a figure-8 bandage on the ankle and leg, strongly reinforced with adhesive tape.

Young people usually are able to get up and walk on the bandaged foot without too much difficulty. Older individuals, especially those who are overweight, may find walking results in too much swelling.

stone or slate, pupils could write on them. Then, with moist sponges, they could rub out what had been written and have clean slates for further work in reading, writing or arithmetic. Slates were of special help in districts where there was a shortage of paper. They were used in some sections even during the early years of the present century.

## Off to Spanish Main in 15-Ton Yawl

Fernand Langlois of Montreal, shown above with his 15-ton yawl, Leda, has set off on his first holiday in seven years. Sailing out of the harbor with him on the 6,000-mile cruise was his brother, Hector, 28. The Leda is the first yacht to sail from Montreal on a private cruise since 1939. Fernand, former production manager in a Montreal war plant, has equipped himself with numerous charts of the waters he intends to navigate, a yacht's log and a sextant.

Consider Treatment  
Of Rudolf Hess To  
Prepare for Trial

NUERNBERG, Germany (AP) Physicians outlined today three possible methods of dealing with the mental disturbance which threatens to eliminate Rudolf Hess as a war crimes defendant, but all may be ruled out because of the danger of Hess' antagonism toward medical treatment.

The one-time No. 3 Nazi has told his doctors he wants a "nature cure," and has protested against use of any theory dealing with anaesthesia. They say his idea is that a diet of milk "to warm my brain," would help him remember past events essential to his defence.

The three medical methods which physicians believe could

be used are artificial blood shock, hypnosis and the use of insulin to burn away sugar reserves and increase the appetite.

The artificial blood shock is induced by injection of an alien type of blood into the bloodstream, and is a treatment used extensively by the Russians, particularly in cases of dementia praecox.

Hess' ailment, amnesia, is a form of hysterical phenomenon and might well respond to such a treatment, physicians believe. The danger involved is that one in 1,000 subjects so treated die of shock.

The creation of a hypnoidal state, the second method, by the use of ether, leaves the subject just conscious enough to be receptive to suggestion.

Now finish your job with a Tribute Bond—your tribute to the boys who finished their job.

## Whatsoever Ye Sow...

Germans like the two, above, who search for food in a G.I. garbage heap near Berlin are learning the torture and tragedy of the starvation they forced upon untold millions of helpless people. People often walk five miles and farther to pick over the kitchen scraps dumped from U.S. army trucks. Photo by Emil Reynolds, NEA Service-Acme Newspictures staff correspondent.

## PERSONALLY Speaking by WILLIAM BENDIX

1—I'm walkin' along in Flatbush, and this lug sez to me, "Bill, your kisser's rough. Smoothen it up!"

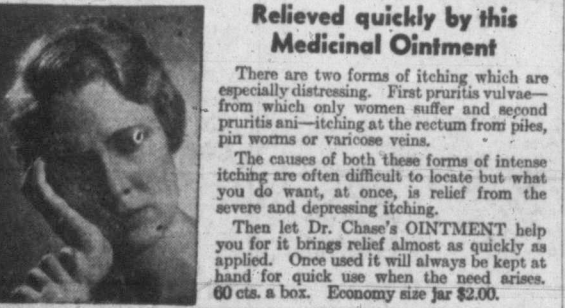

3—And fast, too! Already I'm a Glamour Boy Personna-fied. Yessiree, guys: Use a blade that's got the edge.

HERE'S WHY PERSONNA Blades give you luxury shaves:  
1—Made from premium steel.  
2—Hollow-ground for keenness.  
3—Rust-resistant for longer use.

## Pruritis—Intense Itching

Relieved quickly by this Medicinal Ointment

There are two forms of itching which are especially distressing. First pruritis vulvae—from which only women suffer and second pruritis ani—itching at the rectum from piles, pin worms or varicose veins.

The causes of both these forms of intense itching are often difficult to locate but what you do want, at once, is relief from the severe and depressing itching.

Then let Dr. Chase's OINTMENT help you for it brings relief almost as quickly as applied. Once used it will always be kept at hand for quick use when the need arises. 60 cts. a box. Economy size jar \$2.00.

Dr. Chase's Ointment

Post," starring Ida Lupino.

OAK BAY-PLAZA—"Colonel  
Blimp," starring Anton  
Walbrook.

RIO—Maria Montez in  
"Sudan."

YORK—"Why Girls Leave  
Home," with Lola Lane.

Ex-Sailor Signed  
For Film Role

Nineteen-year-old Bob Arthur  
knows what it means to shake  
hands with Lady Luck.

Two weeks after Arthur was  
honorably discharged from the  
Navy at Aberdeen, Washington,  
he boarded a train, came south  
to Los Angeles and had barely  
arrived when he was signed by  
Warner Bros. producer, Henry  
Blank, for a part in "Roughly  
Speaking," which stars Rosalind  
Russell and Jack Carson and  
opens tomorrow at the York  
Theatre.

Blank spotted young Arthur  
alighting from a streetcar on  
Hollywood Blvd., took him to the  
studio to meet Mrs. Pierson, who  
approved the striking resem-  
blance to her real son and the  
lad was signed.

## CADET THEATRE

The U.S. Army has announced  
that the 20th Century-Fox film  
version of Betty Smith's sensa-  
tional best-seller, "A Tree Grows  
in Brooklyn," is being shown to  
servicemen overseas by the Army  
Overseas Motion Picture Service  
as a gift from the American  
motion picture industry.

The film is now at the Cadet  
Theatre and features Dorothy  
McGuire in the role of "Katie,"  
James Dunn as "Johnny Nolan,"  
Joan Blondell as "Aunt Sissy,"  
Peggy Ann Garner as "Francie,"  
Ted Donaldson as "Neeley" and  
Lloyd Nolan as "Officer Mc-  
Shane."

## CAPITOL THEATRE

When Betty Hutton lost 18  
pounds just prior to starting her  
starring role in "Incendiary  
Blonde," feature attraction at the  
Capitol Theatre, she unwittingly  
let herself in for a lot of trouble.  
Betty took off the poundage  
because Paramount thought she  
should look slim while portray-  
ing Texas Guinan as a "teen-age  
girl. Later, she easily put back  
15 of the 18 pounds.

Then the cutters and Director  
George Marshall took a hand.  
They decided Betty looked so  
wonderful in the beginning of  
the picture, what with 18 pounds  
less weight on her chassis, that  
she should lose the pounds she  
had regained.

So Betty isn't eating any more.

## Repats Support 9th Victory Loan

Highest army unit in South Vancouver Island is at Gordon Head  
Reconditioning Centre where repatriates from the Far East are  
stationed, where 832 per cent of the 9th Loan quota has already  
been achieved and officers working on the loan confidently predict  
they will reach 1000 per cent. Monday, Col. C. T. Batten, officer  
commanding Esquimalt Fortress presented an honor flag to Lt.-Col.  
A. L. Cornish, officer commanding Gordon Head. Seen above, left  
to right, with the flag are: Col. Batten, Lieut. A. T. Physick, Lieut.  
A. T. McAuley, and Lt.-Col. Cornish. The two lieutenants were the  
workers who put the loan over the top at the station. Every unit  
on Vancouver Island has far surpassed its quota, with the whole  
area having 303 per cent of quota, with a total of \$311,400 worth of  
bonds having been sold. H.Q. Esquimalt Fortress has 642 per cent;  
Victoria Military Hospital 244; Det. R.C.E.M.E. and R.C.O.C., 745;  
No. 41 Provost Coy. 344; No. 1 Adm. Unit, C.W.A.C., 318. Maj.  
Walter Cross and Capt. B. H. Zala have been in charge of the Victory  
Loan drive for southern Vancouver Island.

'Affairs of Susan'  
Comes to Atlas

Frederick Hollander, the Ger-  
man-born composer who was  
brought to the United States by  
Paramount at the insistence of  
Marlene Dietrich, wrote the mu-  
sical score for "The Affairs of  
Susan," the sophisticated comedy  
arriving tomorrow at the Atlas  
Theatre. The film, a Hal Wallis  
production for Paramount, stars  
Joan Fontaine and George Brent.

Hollander, who has scored  
some of the most important pic-  
tures of the past decade, wrote  
the music for "The Blue Angel,"  
the picture that made Miss Diet-  
rich famous on this side of the  
Atlantic. One song, "Falling In  
Love Again," originally written  
with German lyrics, was pub-  
lished here, and promptly put  
Hollander into the "Tin Pan  
Alley" front ranks.

Long famed for their expert  
ability to "gild the lily," motion  
picture studio make-up men  
often must go to the other ex-  
treme.

For scenes in Warner Bros.  
breezy new comedy hit, "Pillow  
To Post," currently at the Do-  
minion Theatre, Ida Lupino was  
required to wear a badly smeared  
lipstick job for two days.

That Wallace did an artistically  
perfect job of keeping the smear  
in its original form was proven  
when a marine, who had been  
watching the scenes following  
the smearing, turned to the  
young lady accompanying him on  
his studio visit and remarked:

"Bay, I'll stick to you. You, at  
least, know how to keep your lip-  
stick polished."

OAK BAY-PLAZA THEATRES  
Natalie Kalmus, who directs  
technicolor photography in  
nearly all motion pictures using  
that color method, recently re-  
marked that she likes to do  
technicolor for British-made pic-  
tures. It was after she had re-  
turned from filming "Colonel  
Blimp," the G.C.F. film which  
is currently at the Oak Bay and  
Plaza Theatres through United  
Artists release.

Questioned as to whether she  
liked the English people, the  
food, the countryside, or the Lon-  
don bobbies, Mrs. Kalmus said  
that, although she was fond of  
all those British attractions,  
what she really prized in England  
was the water.

She likes the water because she  
considers it especially well  
adapted to bring out the natural  
color shades in the processing  
of technicolor prints.

Now finish your job with a  
Tribute Bond—your tribute to  
the boys who finished their job.

building, agricultural and pho-  
tography clubs which have been  
organized by Miss E. Keel, are being directed by Miss M.  
Groupe in music and dramatics. Hardwick.

Executive Changes—The Bank of Nova Scotia  
J. A. McLEOD  
H. D. BURNS  
E. CROCKETT  
H. L. ENMAN

J. A. McLeod was elected chairman of the Board of Directors of  
the Bank of Nova Scotia at a recent directors' meeting. He  
has been president of the bank since 1934. He succeeds S. J.  
Moore, who continues as a member of the board. H. D. Burns  
was elected president, succeeding Mr. McLeod. He has been  
general manager since 1941 and a director and vice-president  
for the past year. E. Crockett, assistant general manager, was  
elected executive vice-president. H. L. Enman, assistant general  
manager, was appointed general manager, succeeding Mr.  
Burns. He is the ninth to hold the position of general manager  
since the founding of the bank 113 years ago.
